03/16/2010	Std SC Why Mot Should Not Be Granted-150	03/26/2010		The appellant has sought appellate review of two final administrative orders, entered November 10, 2009, and January 20, 2010, respectively. Although the notice of appeal was timely with respect to the January 20, 2010, order, it was not filed within 30 days of rendition of the November 10, 2009, order, and therefore failed to timely invoke the Court's jurisdiction to review that order. Fla. R. App. P. 9.110 (c). Accordingly, the appellant shall show cause within ten days of the date of this order why the appeal should not be limited to the January 20, 2010, final order. If any pleading or order is referenced in the response, a copy of the document shall be attached to the response. Failure to timely comply with this order may result in the imposition of sanctions, which may include dismissal of the appeal without further opportunity to be heard. Fla. R. App. P. 9.410. The issuance of this order shall have the same effect on the proceedings as service of a motion to dismiss, i.e., it tolls the time for preparation and filing of the record and the filing of the briefs until the jurisdictional issue raised by

				the show cause order is resolved by the court. See Fla. R. App. P. 9.300(b).
