DR-157W
R. 10/13
TC 01/18
 Rule 12B-5.150
 Florida Administrative Code
 Effective 01/14

Florida law requires you to file one or more surety bonds or other form of security with the Florida Department of Revenue before a terminal supplier, importer, exporter, or pollutant license may be issued. Instead of a surety bond, you may submit an assignment of time deposit, cash bond, or an irrevocable letter of credit.

To compute the bond(s) required for your license classification(s), complete the attached bond worksheet and include it with your *Florida Fuel or Pollutants Tax Application* (Form DR-156). If you have questions, please call Account Management - Fuel Unit at 850-488-6800.

Worksheet Instructions

Step #1: Fuel Product Type (COLUMN 1). Identify the table(s) associated with the license type(s) that require a bond or other security. Identify the fuel type(s) that you will deliver or import into Florida or export out of Florida.

Terminal Suppliers	Table A1
Wholesaler With EFT Authority*	
No Import Activity	Table A1
With Import Activity	Table A1 and Table B
Export Activity	Table A1
Wholesaler Without EFT Authority*	
No Import Activity	Table A2
With Import Activity	Table A2 and Table B
Export Activity	Table A1
Pollutants	Table C
Exporters	Table A1

***EFT Authority** — Allows wholesalers to withhold payment of tax to a terminal supplier until the 19th day of the following month in which the fuel was purchased.

Step #2: Tables A1 and A2 - Terminal Suppliers, Wholesalers, and Exporters: For each fuel type, estimate the average monthly gallons of fuel to be purchased for delivery in Florida or for export.

Table B - Importers: For each fuel type, estimate the average daily gallons of fuel to be purchased for delivery in Florida.

Table C - For each pollutant, estimate the average monthly gallons first removed from storage in Florida or first sold in Florida.

For each type of fuel or pollutant, enter the estimated number of gallons in COLUMN 2 of the applicable Table(s).

Step #3: Multiply the estimated gallons from (COLUMN 2) by the tax rate(s) shown in (COLUMN 3). Enter the result in (COLUMN 4). Tax rates are published annually in Tax Information Publications posted on the Department's website at floridarevenue.com/taxes/tips or floridarevenue.com/taxes/rates.

Step #4: Multiply the result in COLUMN 4 by the number in COLUMN 5. Enter the result in COLUMN 6. This is your **bond amount**.

Step #5: Attach the completed Bond Worksheet to your completed application (Form DR-156).

Bonds and Security

To satisfy bond requirements, you must provide one or more of the following for each bond required.

Fuel or Pollutant Tax Surety Bond (DR-157)
Assignment of Time Deposit (DR-157A)
Fuel or Pollutant Tax Cash Bond (DR-157B)

An irrevocable letter of credit may be submitted to the Department of Revenue instead of a surety bond. An irrevocable letter of credit must contain the following:

- The Florida Department of Revenue must be the beneficiary
- The expiration of the letter of credit must automatically be extended without amendment for a one-year period unless otherwise authorized in writing by the Department

If the letter of credit is to cover more than one fuel product type, a cover letter of explanation must be provided.

At least 60 days prior to any expiration or termination of the letter of credit, the bank or savings association must notify the Department of the expiration or termination.

The Department annually publishes the state and local motor fuel tax rates for each county in a Tax Information Publication (TIP) on Fuel Tax Rates. Exhibit B contains the motor fuel tax rate in the "Total Tax Imposed" column and the "Local Option Above Minimum" rate for each county. The annual TIPs are posted on the Department's web site at floridarevenue.com. Use the most recent annual TIP to determine the applicable tax rates for purposes of calculating the bond amount.
