Florida Fuel or Pollutants Tax Information

Who must register?

Businesses or individuals that must have a license under Chapter 206, Florida Statutes (F.S.), include those who:

- blend taxable with non-taxable fuel
- blend any product with motor or diesel fuel outside the bulk transfer/terminal system for personal use
- export or import product
- sell product defined as motor, diesel, or aviation fuel, unless at retail
- operate a terminal registered with the Internal Revenue Service
- sell natural gas at retail
- deliver fuel

Note: It is a third degree felony to operate without a license.

Use this application to request one or more of the following licenses:

Blender - Any person who blends any product with motor or diesel fuel and who has been licensed or authorized by the Department as a blender.

Carrier - Every railroad company, pipeline company, water transportation company, private or common carrier, and any other person transporting motor or diesel fuel, casing-head gasoline, natural gasoline, naphtha, or distillate for others, either in interstate or intrastate commerce, to points within Florida, or from a point in Florida to a point outside Florida.

Exporter - Any person who has met the requirements of section (s.) 206.052, F.S., and who is licensed by the Department as an exporter of taxable motor or diesel fuels either from substorage at a bulk facility or directly from a terminal rack to a destination outside Florida.

Importer - Any person who has met the requirements of s. 206.051, F.S., and is licensed by the Department to import motor fuel or diesel fuel upon which no precollection of tax has occurred, other than through bulk transfer, into Florida by common carrier or company-owned trucks.

Local Government User of Diesel Fuel - Any county, municipality, or school district licensed by the Department to use untaxed or dyed diesel fuel in motor vehicles.

Mass Transit System Provider - Any licensed local transportation company providing local bus service that is open to the public and travels regular routes.

Pollutants - Any person who imports or produces a pollutant. Pollutants include any petroleum product, as well as crude oil, pesticides, ammonia, chlorine, and solvents. A pollutant does not include liquefied petroleum gas, medicinal oils, waxes, or products intended for application to the human body, for use in human personal hygiene, or for human ingestion.

Retailer of Natural Gas - Any person who sells or supplies natural gas fuel to an end user, for use in the fuel supply tank of a motor vehicle. "Natural gas fuel" is defined as any liquefied petroleum gas products, compressed natural gas products, or a combination thereof for use in a motor vehicle.

You are not required to obtain a retailer of natural gas license if:

- You only have facilities for placing natural gas fuel into the supply system of an internal combustion engine fueled by individual portable containers of 10 gallons or less and the natural gas is used for an exempt purpose.
- You have a residential refueling device for natural gas that is located at your primary residence and the gas is for personal use only.

Terminal Operator - Any person who owns, operates, or otherwise controls a terminal. A terminal operator that owns the motor or diesel fuel that is transferred through or stored in the terminal, must also be licensed as a terminal supplier.

Terminal Supplier - Any position holder who has been licensed by the Department as a terminal supplier, has met the requirements of ss. 206.05 and 206.90, F.S., and is registered under s. 4101 of the Internal Revenue Code for transactions involving the bulk storage and transfer of taxable motor or diesel fuels.

Wholesaler - Any person who holds a valid wholesaler of taxable fuel license issued by the Department of Revenue.

How do I get a Fuel or Pollutants Tax license?

Follow the five-step process below:

Step 1. Application Process – Complete a separate *Florida Fuel or Pollutants Tax Application* (Form DR-156) for each business activity or group of activities operating under one Federal Employer Identification Number (FEIN). Those businesses with more than one fuel activity may apply for different license classifications on one application.

Step 2. Background Check – Applicants requesting a terminal supplier, importer, pollutants, exporter, blender, carrier, terminal operator, wholesaler or retailer of natural gas fuels license must undergo a background check conducted by the Florida Department of Law Enforcement (FDLE), the Federal Bureau of Investigations (FBI), and the Department of Revenue.

- **Department of Revenue Investigative Background Information** - Complete questions 37 through 49 on the *Florida Fuel or Pollutants Tax Application* (Form DR-156). This information will be used by the Department of Revenue to determine the financial standing of the applicant.

- **Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI)** – Information on how to initiate an external background check will be provided by the Department of Revenue upon receipt of your *Florida Fuel or Pollutants Tax Application* (Form DR-156).

Persons required to undergo a background check include:

- The license holder.
- The sole proprietor of the license holder.
- A corporate officer or director of the license holder.
- A general or limited partner of the license holder.
- A trustee of the license holder.
- A member of the unincorporated association license holder.
- A participant in a joint venture of the license holder.
- The owner of any equity interest in the license holder, whether as a common shareholder, general or limited partner, voting trustee, or trust beneficiary.
- An owner of any interest in the license or license holder, including any immediate family member of the owner, or holder of any debt, mortgage, contract, or concession from the license holder, who is able to control the business of the license holder.

Note: Publicly held corporations that are traded on a national securities exchange, mass transit system providers and local governments are exempt from undergoing a background check.

Step 3. Bonding – Florida law requires you to file one or more bonds with the Florida Department of Revenue before a terminal supplier, wholesaler, importer, exporter, or pollutants license may be issued. Other than an importers license, the bond must equal three times the estimated average monthly gallons purchased times the total tax levied, not to exceed \$100,000. An importer's bond must equal 60 days of tax liability. There is not a maximum bond amount for an importers license. A separate bond is required for each product type. If the average is less than \$50, no bond is required.

Complete the *Bond Worksheet* (Form DR-157W). Provide the required *Fuel or Pollutants Tax Surety Bond* (Form DR-157), *Assignment of Time Deposit* (Form DR-157A), *Fuel or Pollutants Tax Cash Bond* (Form DR-157B), or *Irrevocable Letter of Credit* located on our website at floridarevenue.com/forms under Forms and Publications.

Step 4. Enrolling to File and Pay Electronically – Terminal suppliers, wholesalers/importers, blenders, terminal operators, petroleum carriers, and exporters are required to file and pay electronically. In addition to all other penalties, Florida law imposes a monthly penalty of \$5,000 for failing to file and pay electronically. Enroll to file and pay electronically on our website at floridarevenue.com or by completing an *Enrollment and Authorization for e-Services* (Form DR-600).

Step 5. Submitting your Application - Mail your application (Form DR-156) and bond worksheet (Form DR-157W) to:

ACCOUNT MANAGEMENT FUEL UNIT MS 1-5730
FLORIDA DEPARTMENT OF REVENUE
5050 W TENNESSEE ST
TALLAHASSEE FL 32399-0160

How much is the license?

A registration fee is not required to obtain a fuel or pollutants license.

When are licenses issued?

The Department will mail the *Fuel/Pollutants License* (Form DR-114) to you when all application requirements have been met. A *Fuel/Pollutants License* authorizes you to begin conducting business for the activities listed on the license. If you do not send the required form(s) to the Department and complete the background investigation(s), we will not be able to approve your application. Licenses are typically issued within two weeks.

A *Fuel/Pollutants License* (Form DR-114) is valid for one year (January 1 – December 31) and must be renewed annually. The Department mails annual renewal forms to all registered certificate holders beginning in October. Be sure to notify the Department of business address changes so that you will receive information and renewal forms. If you do not annually renew your *Fuel/Pollutants License*, you will be required to submit a new registration application and undergo another background investigation.

When do I begin filing tax returns?

Tax returns must be filed monthly, beginning with the month your business opens. A return must be filed even if no tax was collected. A retailer of natural gas is not required to report or pay tax on natural gas fuel purchases until January 1, 2019.

What if I am already doing business and have not applied?

The business owner should immediately stop operating and contact the Account Management Fuel Unit to properly register and make arrangements to calculate and remit any taxes or penalties due.

When do I need to contact the Department of Revenue?

- If you move.
- If you need assistance.
- If you close your business.
- If you change your contact person.
- If you change or add a licensable business activity.

How do I get more information?

- For assistance with this application or general information about fuel tax, call Taxpayer Services at 850-488-6800, Monday through Friday (excluding holidays).
