

Physician Radiology Services Fee Schedule

The fees below are reimbursed for services provided to adults age 21 and over. For services provided to children under the age of 21, there is a 4% increase over the adult fee. To calculate reimbursement for services to children, multiply the base fee by 1.04. Example: \$83.39 X 1.04 = \$86.73.

In addition to the 4% increase noted above, the following physician specialty types receive a 24% increase for services provided to children under 21: 02, 03, 04, 05, 08, 10, 14, 15, 17, 21, 23, 29, 30, 31, 36, 37, 38, 39, 43, 46, 51, 53, 55, 57, 58, 60, 62. to calculatate the specialty fee, multiply the base fee by 1.04, as noted above for children, and then multiply that result by 1.24. Example: \$83.39 X 1.04 = \$86.73 X 1.24 = \$107.54. The same method applies to the Base PC Fee and Base TC Fee. Fees are rounded to the nearest hundredth.

Note: Reimbursement increases noted above do not apply to the following services: Regional Perinatal Intensive Care Center services, injectable medications, immunizations, supplies, devices, and laboratory/pathology services.

Code	Spec	Base Fee	Base PC Fee	Base TC Fee	PA
