Total Number of Plants	Number Grown Inside	Number Grown Outside	Quantity of Firewood
_____	_____	_____	_____

I agree to call the Division of Plant Industry office within a 24-hour period after arrival at the above destination address to set up an appointment to have the plants inspected. I also understand these plants are allowed entry into the State of Florida and may be subject to a post-entry quarantine. The plants are not to be moved from the above destination address until they are inspected and found free from injurious plant pests by an authorized inspector of the Division of Plant Industry.

Uncertified non-commercial shipments of firewood entering the state for personal consumption will be allowed to enter under the condition that the firewood will be consumed, burned or destroyed as soon as possible and not transported beyond the destination listed above.

The Florida Department of Agriculture and Consumer Services, Division of Plant Industry, retains the right to destroy plants found infested with injurious plant pests that are detrimental to Florida agriculture.

Persons failing to comply are in violation of Florida Statutes 581.031(4) and Rule 5B-65.005(2), F.A.C., and may be subject to legal action.
