61G15-35.003 Qualification Program for Special Inspectors of Threshold Buildings and Special Inspectors of Threshold Buildings (Limited).

(2) Special Inspectors of Threshold Buildings (Limited)

To implement section 553.79, F.S., the Board hereby establishes the certification of Special Inspectors of Threshold Buildings (Limited), also referred to as "Special Inspectors (Limited)" or "S.I. (Limited)." Any licensee holding this certification may serve as the Special Inspector / Threshold Building Inspector for any project involving the Repair (without Substantial Structural Damage), Alterations 1, Alterations 2, and Alterations 3 (without Substantial Structural Alterations) of an existing Threshold Building when such project does not involve new construction or existing Threshold Buildings with Repairs with Substantial Structural Damage or Alterations 3 with Substantial Structural Alteration, as defined in the Florida Building Code - Existing Buildings. Licensees who wish to serve as Special Inspectors for new construction, or existing Threshold Buildings with Repairs with Substantial Structural Damage or Alterations 3 with Substantial Structural Alteration must be certified pursuant to subsection (1), .

(b) The minimum qualifying criteria for Threshold Inspectors (Limited) are established by the Board to be as follows:

1. Three (3) years of experience in performing structural field inspections on Threshold Buildings, components thereof, or equivalent pursuant to a threshold/special inspection plan relevant to the work performed and two (2) years of experience in the structural design of repairs to components of threshold buildings. For the purpose of these criteria, examples of structural components include, but are not limited to, prestressed or post-tensioned concrete, balconies, exterior walls, etc. or

2.(a) Licensed professional engineers whose principal practice is structural field inspections shall have five (5) years of experience in performing structural field inspections on Threshold Buildings or equivalent pursuant to a threshold/special inspection plan relevant to the work performed; and

(b) The Applicant must possess each of the certifications identified in paragraph 61G15-35.004(2)(f), F.A.C., at the time of application.

Use one form for Structural Field Inspection experience and one form for Structural Design of Repairs to Components of Threshold Buildings.

Structural Design experience is for repairs of existing specific structural components of threshold buildings, such as foundations, prestressed or post-tensioned concrete, balconies, windows/doors, etc., as well as the design of new threshold buildings. List the type of project and the occupancy. Identify features that qualify the design as repair of components of a threshold-type building or the scope of the inspection, the number of months of experience claimed for this project, and the name and license number of the structural engineer of record for this project. List the experience chronologically, starting with the earliest.

Field inspection experience is only recognized for projects where the field inspections are of complete threshold buildings and can include the specific structural components, such as foundations, prestressed or post-tensioned concrete, etc. List the type of project and the occupancy. Identify features that qualify the design as a threshold-type building, the scope of the inspection, the number of months of experience claimed for this project, and the name and license number of the special inspector of record for this project. List the experience chronologically, starting with the earliest.

QUALIFICATION SECTION OF SPECIAL INSPECTOR (LIMITED) APPLICATION

Please use a separate form for each Structural Design project

The Structural Engineer of Record, hereinafter referred to as "Verifier" [in the event if the applicant is the Structural Engineer of Record, then a supervisor or colleague] must verify each work experience. Each form must be signed and sealed by the Verifier. The original form must be sent to the Verifier and a copy sent to FBPE with your application. Verifications shall be sent to FBPE directly by the Verifier. SELF-VERIFICATION IS NOT PERMITTED.

Submitted for: Structural Design Experience: # _____ (List the experience chronologically, starting with the earliest.)

1. Project identification and location (street address, city, and state)			
2. Occupancy type(s).			
3. Identify features that will qualify the design as a threshold type building (See definition contained in the General Information included with this application.)	Total Area: _____ SF		
	No. of stories: _____		
	Height: _____ ft		
	Assembly area: _____ (SF) if applicable		
	Occupant content: _____ (Persons) if app.		
4. Description of <u>structural components or repairs/replacements</u> structural systems designed by applicant.			
5. Was the structural inspection plan part of the permit package?	___ Yes ___ No		
6. Number of months experience claimed for this project.	Start Mo/Year	End Mo/Year	Total Months
7. Name, license number, and state of issuance of Verifier. (Please note: this should be someone other than the applicant)			

I am a professional engineer currently licensed in the State of Florida and my principal practice is in structural engineering or structural field inspections. I hereby certify that the above statements are true and correct and that I have the technical competency to perform structural inspection on threshold type buildings as required by Section 553.79(5)(a), Florida Statutes.

- I was the Structural Engineer of record for this project and have verified the above statements are true and correct.
- I was a supervisor/colleague of the applicant and have direct knowledge of the applicant's involvement in the project and have verified the above statements are true and correct

QUALIFICATION SECTION OF SPECIAL INSPECTOR (LIMITED) APPLICATION

Please use a separate form for each Structural Field Inspection project

The Special Inspector of Threshold Buildings for the project listed below, hereinafter referred to as "Verifier" must verify the work experience listed on this page. Each form must be signed and sealed by the Verifier. The original form must be sent to the Verifier and a copy sent to FBPE with your application. Verifications shall be sent to FBPE directly by the Verifier. SELF-VERIFICATION IS NOT PERMITTED.

Submitted for: Field Inspection Experience # _____ (List the experience chronologically, starting with the earliest.)

1. Project identification (street address, city, and state)			
2. Occupancy type(s).			
3. Identify features that will qualify the threshold building. (See definition contained in the General Information included with this application.)	Total Area: _____ SF		
	No. of stories: _____		
	Height: _____ ft		
	Assembly area: _____ (SF) if applicable		
	Occupant content: _____ (Persons) if app.		
4. Scope of field inspection by applicant.			
5. Was the inspection performed pursuant to the permitted structural inspection plan?	___ Yes ___ No		
6. Number of months experience claimed for this project.	Start Month/Year	End Month/Year	Total Months
7. Name, license number and state of issuance of Special Inspector of Threshold Buildings for the project.			

I am a professional engineer currently licensed in the State of Florida and my principal practice is in structural engineering or structural field inspections. I hereby certify that the above statements are true and correct and that I have the technical competency to perform structural inspection on threshold type buildings as required by Section 553.79(5)(a), Florida Statutes.

I was the special inspector of Threshold Buildings for this project and have verified the above statements are true and correct.
