

## RECONCILIATION OF 2009 AND 2017 FAMILY DAY CARE HOME STANDARDS CLASSIFICATION SUMMARIES

This document provides an alignment of the 2009 and 2017 Classification Summaries for purposes of progressive enforcement under rule 65C-20.012.

Specific C	Specific Child Care Licensing Standard	
2017		
Standard	2009 Description of the Licensing Standard Violation (citations omitted)	
	1. Operator	
4.2	The operator worked outside of the home during the operating hours of the large	
	family child care home.	
4.3	The operator, in whose name the license was issued, was no longer a resident at	
4.4	the address on the license.	
4.1	The family home failed to include their license number when advertising.	
5.5	The provider failed to maintain written documentation for the number of hours a substitute worked in the home.	
	2. Written Plan for Substitute	
5.1	The operator had no written plan to provide at least one substitute, at least 18	
5.1	years old, to be available on a temporary/emergency basis.	
5.1	The operator's written plan for a substitute included an individual who was not at least 18 years old.	
5.3	The operator's substitute plan did not include required information about the	
	designated substitute.	
5.2	The substitute left in charge of the children in care was younger than 18 years of	
	age.	
5.6	The substitute worked over 40 hours per months on average over a six month	
	period in a single family day care home.	
5.4	The operator failed to report changes to the written substitute plan within 5 working	
	days.	
	3. Background Screening Requirements	
6.2	The record for an individual indicated the person had been found guilty of an	
	offense noted in Section 435.04, Florida Statute, which disqualifies the person	
	from employment.	
6.1	The Local Criminal Background Check was not on file.	
6.1	A FDLE record check for family day care home members and substitutes was	
	missing and not on file.	
6.1	A FDLE/FBI clearance letter was not on file.	
6.6	Background screening was not completed every five years after the initial	
	screening.	
6.5	An annual Attestation of Good Moral Character stating that the individual had not	
	been convicted of specific crimes was not on file.	

Specific Cl	nild Care Licensing Standard
2017	
Standard	2009 Description of the Licensing Standard Violation (citations omitted)
REMOVED	The Attestation of Good Moral Character was not completed prior to expiration.
6.3	A two year employment history verification for was not documented and on file.
8.1	An unscreened individual was left alone to supervise children in care.
6.8	
	A Volunteer Affidavit was not on file for the volunteer(s).
6.8	A Volunteer Affidavit was not completed on the first day of volunteering for the volunteer(s).
6.7	The operator and/or substitute did not sign a CF-FSP 5337 Child Abuse and Neglect Reporting Requirements form.
	4. Staff Training
REMOVED	The operator did not complete the department's approved 30 clock-hour Family Child Care Training course.
REMOVED	Completion of the 30 clock-hour Family Child Care Home training course was not documented for the operator on a valid certificate issued by the department or the department's training transcript.
7.4	A substitute, who worked less than 40 hours a month on average, did not complete the department's 3 clock-hour Fundamentals of Child Care course.
7.4	A substitute, who worked less than 40 hours a month on average, did not complete the department's 6 clock-hour Family Child Care Home Rules and Regulations training.
7.4	Completion of the 6 clock-hour course, Family Child Care Home Rules and Regulations, was not documented on a valid certificate issued by the department or the department's training transcript for a substitute.
7.4	Completion of the 3 clock-hour course, Fundamentals of Child Care, was not documented on a valid certificate issued by the department or the department's training transcript for a substitute.
7.2	A substitute, who worked 40 hours or more a month, on average, did not complete the 30 clock-hour Family Child Care Training course.
7.2	Completion of the 30 clock-hour course, Family Child Care Training, was not documented on a valid certificate issued by the department or the department's training transcript.
5.5	The operator did not maintain a work schedule for the substitute documenting the level of training required.
7.5	The operator's training in first aid was no longer current.
7.5	The operator's training in CPR was no longer current.
7.5	The person providing care to children did not have a valid certification in infant and/or child CPR and first aid.
7.6	The CPR training did not include an on-site instructor-based skills assessment and is invalid for the individual.
7.7	The 10 hours of annual in-service training had not been completed by the operator for the operator's 12 month licensing period.
7.8	Documentation of in-service training for the operator was not recorded on CF-FSP 5268A, In-Service Training Record.

Specific Ch	nild Care Licensing Standard
2017	
Standard	2009 Description of the Licensing Standard Violation (citations omitted)
REMOVED	The operator did not have documentation to show completion of an approved five hour early literacy and language development of children ages birth through five
	course, prior to caring for children.
7.3	A substitute, who worked 40 hours or more a month, on average, did not have
	documentation to show completion of an approved five hour early literacy and language development of children ages birth through five course.
7.1	A foster grandparent working in the home failed to complete the required training.
7.2	By October 1, 2010, training was not documented on the child care training
7.4	transcript for child care personnel.
	5. Indoors and Outdoors Supervision
8.8	Children were not being adequately supervised in that [].
8.5	A child was not adequately supervised and left the family day care home premises
	without the knowledge or awareness of the operator.
8.10	The operator's plan for isolation and supervision of an ill child did not provide for
	the child to be within sight and hearing.
8.10	A child observed in isolation due to illness was not within sight and hearing of the
	operator.
8.11	A child was not adequately supervised while being diapered or having clothes
	changed.
8.3	A child was unknowingly left behind on a field trip.
8.9	A child was observed napping or sleeping in a bedroom with the bedroom door closed.
8.2	The operator, substitute or employee was observed supervising children while
	under the influence of narcotics, alcohol or other drugs that impair the individual's
	ability to provide safe child care.
	6. Animal Immunizations
9.1	The operator did not have documentation of current immunization records for the
	pet observed. Immunizations are available for this type of animal.
9.2	The pet was not immunized though immunizations are available for this type of animal.
9.3	The operator did not have documentation that custodial parents or guardian are
	given written notification of animals on the premises.
	7. Toxic, Hazardous Materials and Hazardous Items
REMOVED	Unsafe storage of materials dangerous to children was observed in that [].
10.1	Harmful items including cleaning supplies, flammable products, poisonous, toxic,
	and hazardous materials were accessible by children in care.
10.2	A potentially harmful item, [], was not labeled.
10.3	The storage of potentially harmful items such as BB guns, pellet guns, knives
	and/or sharp tools allowed access by children in care.

2009 Description of the Licensing Standard Violation (citations omitted)  10.3 Potentially harmful items such as BB guns, pellet guns, knives and/or sharp tools were accessible by children in care.  8. Smoking on Premise  11.2 Smoking was observed in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.  11.3 There was evidence that smoking occurred in the home, outdoor play area, during a field trip or in a vehicle used to transport children while children were in care.  11.1 The custodial parents or guardians of children in care were not informed in writing, by the operator that someone living in the home smoked.  9. Firearms and Weapons  12.1 Firearms and/or weapons were not stored in a locked container, locked area, or with a secure trigger lock and in a location inaccessible to children.  12.2 Firearms and/or weapons were observed on a person located on the premises other than law enforcement officers.  10. Play Areas Clean and Free of Litter  13.1 Play areas in the home were not clean.  13.1 Litter was observed in areas where children play.  14.1 Nails, glass or other hazards were observed in an area where children play.  14.1 Nails, glass or other hazards were observed in an area where children play.  14.3 A hazard was observed in the play area that poses a threat to the health, safety or well-being of the children in the play area.  14.6 Weather permitting, infants were not provided opportunities for outdoor time.  14.7 Fencing a minimum of 4 feet in height was not provided when required.  14.7 Fencing a minimum of 4 feet in height was not provided when required.  14.9 The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.  14.10 The bease of the fence in the outdoor play area had a dirt/sand buildup at the base, causing the fence to be less than the minimum 4 feet in height and could allow children to exit the play area.	Specific C	hild Care Licensing Standard
10.3 Potentially harmful items such as BB guns, pellet guns, knives and/or sharp tools were accessible by children in care.  8. Smoking on Premise  11.2 Smoking was observed in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.  11.3 There was evidence that smoking occurred in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.  11.1 The custodial parents or guardians of children in care were not informed in writing, by the operator that someone living in the home smoked.  9. Firearms and Weapons  12.1 Firearms and/or weapons were not stored in a locked container, locked area, or with a secure trigger lock and in a location inaccessible to children.  12.2 Firearms and/or weapons were observed on a person located on the premises other than law enforcement officers.  10. Play Areas Clean and Free of Litter  13.1 Play areas in the home were not clean.  13.1 Litter was observed in areas where children play.  14.1  13.3 A hazard was observed in the play area that poses a threat to the health, safety or well-being of the children in the play area.  14.6 Weather permitting, infants were not provided opportunities for outdoor time.  14.7 Fencing a minimum of 4 feet in height was not provided when required.  14.9 The outdoor play area that required fencing was not safe and adequate in that [1].  14.10 The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.  14.10 The fence in the outdoor play area had a dirt/sand buildup at the base, causing the fence to be less than the minimum 4 feet in height and could allow children to exit the play area.  14.10 Equipment available to children in the outdoor play area was not appropriate for	2017	
10.3 Potentially harmful items such as BB guns, pellet guns, knives and/or sharp tools were accessible by children in care.  8. Smoking on Premise  11.2 Smoking was observed in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.  11.3 There was evidence that smoking occurred in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.  11.1 The custodial parents or guardians of children in care were not informed in writing, by the operator that someone living in the home smoked.  9. Firearms and/or weapons were not stored in a locked container, locked area, or with a secure trigger lock and in a location inaccessible to children.  12.2 Firearms and/or weapons were observed on a person located on the premises other than law enforcement officers.  10. Play Areas Clean and Free of Litter  13.1 Play areas in the home were not clean.  13.1 Litter was observed in areas where children play.  14.1  13.1 Nails, glass or other hazards were observed in an area where children play.  14.1  13.3 A hazard was observed in the play area that poses a threat to the health, safety or well-being of the children in the play area.  14.6 Weather permitting, infants were not provided opportunities for outdoor time.  14.6 Weather permitting, infants were not provided opportunities for outdoor time.  14.7 Fencing a minimum of 4 feet in height was not provided when required.  14.9 The outdoor play area had access to a road or street that was open to travel by the public.  14.1 The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.  14.10 The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.  14.10 The fence in the outdoor play area had a dirt/sand buildup at the base, causing the fence to be less than th	Standard	2009 Description of the Licensing Standard Violation (citations omitted)

21.15	Plates, utensils, cups, bottles or sippy cups provided by the home that are not
	disposable were not properly washed, rinsed and sanitized between uses.
21.16	Bottles and/or sippy cups were not labeled with the child's first and last name or
	another system of identification.
21.17	Bottles and-sippy cups brought from home were not returned to the custodial
	parent or guardian daily.
	45 Vermin/Deet Centrel
17 1	15. Vermin/Pest Control
17.1	There was evidence of rodent or vermin infestation in the home.
17.2	Pest control took place in rooms occupied by children.
40.1	16. Furnishings and Equipment
18.1	All parts of the home, indoors and outdoors, including furnishings and equipment
40.4	were not kept clean and sanitary.
18.1	All parts of the home, indoors and outdoors, including furnishings and equipment
	were not kept free from hazards.

Specific Cl	hild Care Licensing Standard
2017	
Standard	2009 Description of the Licensing Standard Violation (citations omitted)
18.1	All parts of the home and premises including equipment, furnishings and plumbing
	were not kept in an orderly condition.
18.1	Equipment and plumbing were not maintained in good repair at all times.
18.2	Furnishings, equipment or plumbing were not clean and maintained in good repair
	and pose a threat to the health, safety or well-being of the children in care.
19.1	Fire hazard, such as [], were observed in the home.
	17. Smoke Detector, Fire Extinguisher, Corded Telephone, Lighting,
40.0	Temperature and Ventilation
19.2	The family day care home did not have an operable smoke detector.
19.4	The family day care home did not have an operable corded telephone or the only
40.5	phone available was portable or cellular.
19.5	Lighting in the home was not sufficient in that [].
19.6	The operator's home did not have proper ventilation.
19.7	Temperature in the home was not maintained between 65 and 82 degrees
400	Fahrenheit.
19.3	The family day care home did not have an operable fire extinguisher and/or fire
	extinguisher with a current certificate.
	18. Nutritious Meals and Snacks Provided
20.1	Meals and snacks supplied by the operator were not of a quantity and/or quality to
20.1	meet the daily nutritional needs of the children.
20.6	The family day care home was notified by the custodial parent or guardian of a
20.0	food allergy and the child's file did not contain written documentation.
20.4	Appropriate documentation for a special diet ordered by the child's physician was
20.5	not maintained in the child's file
20.7	A child was given [] after Family Day Care Home was notified by the custodial
20	parent or guardian of the child's food allergy.
20.8	Meal and snack menus were not planned and/or written for the licensing authority
	to review.
20.9	Meal and snack menus were not maintained for 6 months.
	19. Handwashing
21.1	The operator/substitute did not wash their hands with soap and running water afte
	assisting a child with toileting or diapering.
21.2	A child was observed to not wash their hands with soap and running water
	following personal hygiene procedures.
21.1	The operator/substitute did not wash their hands with soap and running water
	following personal hygiene procedures.
21.3	The [] did not wash their hands immediately following outdoor play.
21.7	Soap was not available use during handwashing.
21.7	Disposable towels or individual towels were not available to use during
	handwashing.

	nild Care Licensing Standard
2017	
Standard	2009 Description of the Licensing Standard Violation (citations omitted)
21.6	Running water was not available to use for handwashing.
21.4	A toilet and/or wash basin used by children was not easily accessible, safely
21.5	constructed and/or an impervious platform was not in place.
	20. Soiled Items
21.8	Soiled items were not immediately placed in a plastic lined and securely covered container.
21.9	Soiled items were accessible to children.
21.10	The container used for storage of soiled items was not emptied, cleaned and
	disinfected daily.
21.11	Children's wet or soiled clothing or crib sheets were not promptly changed.
	21. Potty Chairs Cleaned and Sanitized
21.12	A potty chairs cleaned and sanitized or disinfected after each use.
21.13	A potty chair was not cleaned and sanitized or disinfected after each use that
	poses a threat to the health, safety or well-being of the children in care.
	people a amounte and meaning of men being of the enmaner in earle.
