

RECONCILIATION OF 2009 AND 2017 LARGE FAMILY CHILD CARE HOME STANDARDS CLASSIFICATION SUMMARIES

This document provides an alignment of the 2009 and 2017 Classification Summaries for purposes of progressive enforcement under rule 65C-20.012.

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
1. Operator/Occupant/Advertising	
5.1	The operator worked outside of the home during the operating hours of the large family child care home.
5.2	The operator, in whose name the license was issued, was no longer a resident at the address on the license.
8.7	The home did not have at least one person on the premises during all hours of operation who had a valid and current certification in infant and child CPR procedures and/or first aid training.
8.9	The CPR training did not include an on-site instructor-based skills assessment and is invalid for the individual.
5.3	The large family home failed to include their license number when advertising.
6.8	The provider failed to maintain written documentation for the number of hours a substitute worked in the home.
2. Written Plan for Substitute	
6.1	The operator had no written plan to provide at least one substitute, minimally 18 years old, to be available on a temporary/emergency basis.
6.1	The operator's written plan for a substitute included an individual who was not at least 18 years old.
6.2	The operator's substitute plan did not include required information about the designated substitute.
6.6	The substitute left in charge of the children in care was younger than 18 years of age.
6.3	The substitute worked more than 40 hours per month on average over a six month period in a single family day care home.
6.7	The operator failed to report changes to the written substitute plan within five working days.
3. Background Screening Requirements	
7.1	The personnel record for the individual indicated the person had been found guilty of an offense noted in Section 435.04, Florida Statute, which disqualifies the person from employment.
7.2	The Local Criminal Background Check was not on file.
7.2	A FDLE record check for large family child care home members and substitutes was missing and not on file.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
7.2	A FDLE/FBI clearance letter was not on file.
7.3	Background screening was not completed every five years after the initial screening.
7.4	A two year employment history verification was not documented and on file.
7.6	An annual Attestation of Good Moral Character stating that the individual had not been convicted of specific crimes was not on file.
7.6	The Attestation of Good Moral Character was not completed prior to expiration.
9.1	An unscreened individual was left alone to supervise children in care.
7.7	A Volunteer Affidavit was not on file for the volunteer(s).
7.7	A Volunteer Affidavit was not completed on the first day of volunteering for the volunteer(s).
7.9	The operator and/or substitute did not sign a CF-FSP 5337 Child Abuse and Neglect Reporting Requirements form.
4. Staff Training	
Removed	Completion of the 30 clock-hour Family Child Care Home training course was not documented on a valid certificate issued by the department or the department's training transcript for the operator.
8.16	The employee did not complete the 30 clock-hour Family Child Care Home training requirement.
8.16	Completion of the 30 clock-hour Family Child Care Home training course was not documented on a valid certificate issued by the department or the department's training transcript for the employee(s).
8.2	The substitute for the operator did not complete the 30 clock-hour Family Child Care Home training prior to taking care of children.
8.2	Completion of the 30 clock-hour Family Child Care Home training course was not documented on a valid certificate issued by the department or the department's training transcript for the substitute for the operator.
8.3	Completion of the 30 clock-hour Family Child Care Home training course was not documented on a valid certificate issued by the department or the department's training transcript for the substitute who works more than 40 hours per month.
8.3	The substitute who works more than 40 hours per month on average did not complete the 30 clock-hour Family Child Care Home training prior to taking care of children.
8.14	The operator did not complete the department's 10 clock-hour Part II module training course within 6 months of licensure.
8.14	The 10-hour Part II module training was not documented on a valid certificate issued by the department or the department's training transcript for the operator.
8.6	A substitute who worked less than 40 hours a month on average did not complete the department's 3 clock-hour Fundamentals of Child Care course.
8.6	Completion of the 3 clock-hour course, Fundamentals of Child Care, was not documented on a valid certificate issued by the department or the department's training transcript for a substitute.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
8.6	A substitute, who worked less than 40 hours a month on average, did not complete the department's 6 clock-hour Family Child Care Home Rules and Regulations training.
8.6	Completion of the 6 clock-hour course, Family Child Care Home Rules and Regulations, was not documented on a valid certificate issued by the department or the department's training transcript for a substitute.
8.10	The ten hours of annual in-service training had not been completed by the operator during the 12 month licensure period.
8.12	Documentation of in-service training for the operator and/or employee(s) was not recorded on CF-FSP 5268A, In-Service Training Record.
8.11	The ten hours of annual in-service training had not been completed by the employee(s) during the 12 month licensure period.
Removed	The operator did not have documentation to show completion of an approved five hour early literacy and language development of children ages birth through five course, prior to caring for children.
8.15	The operator did not have documentation to show completion of an approved five hour early literacy and language development of children ages birth through five course, for the employee(s) that have been employed at least 12 months.
8.15	The department's approved five hour early literacy and language development of children ages birth through five course was not completed for employee(s).
8.4 8.5	The operator did not have documentation to show completion of an approved five hour early literacy and language development of children ages birth through five course, for the substitute who works more than 40 hours on average, prior to caring for children.
8.4 8.5	The department's approved five hour early literacy and language development of children ages birth through five course was not completed for the substitute who works more than 40 hours on average.
8.5	The operator did not have documentation to show completion of an approved five hour early literacy and language development of children ages birth through five course, for the substitute for the operator.
8.5	The department's approved five hour early literacy and language development of children ages birth through five course was not completed for the substitute for the operator.
8.13	The operator failed to maintain and/or document an active Staff Credential Verification.
8.1	A foster grandparent working in the home failed to complete the required training.
8.2 8.3 8.6 8.16	By October 1, 2010, training was not documented on the child care training transcript for child care personnel.
5. Indoors and Outdoors Supervision	
9.8	Children were not being adequately supervised in that [].

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
9.5	A child was not adequately supervised and left the family day care home premises without the knowledge or awareness of the operator.
Removed	The operator's plan for isolation and supervision of an ill child did not provide for the child to be within sight and hearing.
9.10	A child observed in isolation due to illness was not within sight and hearing of the operator.
9.11	A child was not adequately supervised while being diapered or having clothes changed.
9.3	A child was unknowingly left behind on a field trip.
9.9	A child was observed napping or sleeping in a bedroom with the bedroom door closed.
9.2	The operator, substitute or employee was observed supervising children while under the influence of narcotics, alcohol or other drugs that impair the individual's ability to provide safe child care.
6. Animal Immunizations	
10.1	The operator did not have documentation of current immunization records for the pet observed. Immunizations are available for this type of animal.
10.2	The pet was not immunized though immunizations are available for this type of animal.
10.3	The operator did not have documentation that custodial parents or guardian are given written notification of animals on the premises.
7. Toxic, Hazardous Materials and Hazardous Items	
11.1 11.3	Unsafe storage of materials dangerous to children was observed in that [].
11.1	Harmful items including cleaning supplies, flammable products, poisonous, toxic, and hazardous materials were accessible by children in care.
11.2	A potentially harmful item, [], was not labeled.
11.3	The storage of potentially harmful items such as BB guns, pellet guns, knives and/or sharp tools allowed access by children in care.
11.3	Potentially harmful items such as BB guns, pellet guns, knives and/or sharp tools were accessible by children in care.
8. Smoking on Premise	
12.2	Smoking was observed in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.
12.3	There was evidence that smoking occurred in the home, outdoor play area, during a field trip or in a vehicle used to transport children, while children were in care.
12.1	The custodial parents or guardians of children in care were not informed in writing, by the operator that someone living in the home smoked.
9. Firearms and Weapons	

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
13.1	Firearms and/or weapons were not stored in a locked container, locked area, or with a secure trigger lock and in a location inaccessible to children.
13.2	Firearms and/or weapons were observed on a person located on the premises other than law enforcement officers.
10. Play Areas Clean and Free of Litter	
14.1 15.1	Play areas in the home were not clean.
14.1 15.1	Litter was observed in areas where children play.
14.1 15.1	Nails, glass or other hazards were observed in an area where children play.
14.4 15.4	A hazard was observed in the play area that poses a threat to the health, safety or well-being of the children in the play area.
11. Outdoor Time and Play Area Requirements	
15.6	Weather permitting, infants were not provided opportunities for outdoor time.
15.8	Children in the outdoor play area had access to a road or street that was open to travel by the public.
15.7	Fencing a minimum of 4 feet in height was not provided when required.
15.9	The outdoor play area that required fencing was not safe and adequate in that [].
15.10	The base of the fence in the outdoor play area was not at ground level and could allow access by children or animals or allow children to exit the play area.
15.11	The fence in the outdoor play area had a dirt/sand buildup at the base, causing the fence to be less than the minimum 4 feet in height and could allow children to exit the play area.
15.12	Equipment available to children in the outdoor play area was not appropriate for the age and developmental level of the children in care in that [].
15.13	The frame of the [] was not securely anchored in the ground or stationary by design.
15.14	The play equipment was not safe for the children to use in that [].
15.19	Sharp, broken and/or jagged edges were observed on the [] that pose a threat to the health, safety or well-being of the children in the play area.
15.15	There was no documentation, maintained for one year, that routine inspections were conducted at least every other month of all supports, above and below the ground, all connectors, and moving parts.
15.16	A resilient surface was not provided beneath and within the fall zone for [].
15.17	The ground cover or other protective surface under the [] was not maintained.
15.18	The placement of [] did not allow for adequate distance/clearance from other equipment or other children in the area.
15.20	The equipment used in the outdoor play area was not constructed to allow for water drainage.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
12. Swimming Pools	
16.11	The large family child care home's swimming pool exceeded 3 feet in depth and no one who had completed a basic water safety course was present when children had access to the swimming area.
16.9	Children were taken from the home for a swimming activity and a person with lifeguard certification/equivalent was not present.
16.10	The large family child care home's swimming pool was not maintained by use of chlorine or other suitable chemicals.
16.3	The pool alarm was found to be inoperable.
16.2	The fence or barrier was unlocked, or had gaps or openings that could pose a threat to the health, safety or well-being of a child.
16.1	The fence or barrier did not meet the minimum requirement of four (4) feet in height.
16.6	Children in care had access to a water hazard or swimming pool, in that ().
13. Appropriate, Safe and Sanitary Bedding	
17.1	The home had no designated area where each child can sit quietly or lie down to rest or nap.
17.2 17.3 17.4	The bedding available for children in care was inadequate in that [].
17.2	The bedding available was not safe and poses a threat to the health, safety or well-being of a child in care.
17.3	The bedding available for children in care was not sanitary.
17.4	The bedding available was not sanitary and poses a threat to the health, safety or well-being of a child in care.
17.7	The floor mats available for children in care were not covered with an impermeable surface.
17.6	Floor mats available for children in care were not at least one inch thick.
17.8	An air mattress or foam mattress was used for children when napping.
17.9	A cot, bed, crib, mattress, playpen or floor mat was not available for all children who napped.
17.13	A crib in use had bar spacings that exceeded 2 and 3/8 inches.
17.10	Individual linens were not provided for children using beds that were used by the family.
17.14	The custodial parent or guardian had not provided available documentation that an alternative position is authorized by the physician and a napping or sleeping infant that is not capable of rolling over on their own was observed not positioned on their back.
17.14	A napping or sleeping infant that is not capable of rolling over on their own was observed not positioned on their back and on a firm surface.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
17.15	A minimum distance of 18 inches was not maintained between each napping space.
17.5	Playpens, floor mats, air mattresses and/or foam mattresses were used for children sleeping in the normal night time cycle.
17.16	A kitchen, bathroom, utility room, and/or garage were used as napping space.
17.17	Napping spaces shall not be designated under furniture, against furniture that may create a hazard, or blocking exit routes.
17.11	Staff failed to ensure that children in overnight care completed bedtime routines such as brushing teeth and washing face and hands.
17.12	Children in care were observed to share personal items such as toothbrushes, towels and wash cloths.
14. Drinking Water and Single Service Disposables	
21.2	Potable drinking water was not available to children at all times.
22.14	Single service paper or plastic plates, utensils, and/or cups were reused.
22.15	Plates, utensils, cups, bottles or sippy cups provided by the home that are not disposable were not properly washed, rinsed and sanitized between uses.
22.16	Bottles and/or sippy cups were not labeled with the child's first and last name or another system of identification.
22.17	Bottles and-sippy cups brought from home were not returned to the custodial parent or guardian daily.
15. Vermin/Pest Control	
18.1	There was evidence of rodent or vermin infestation in the home.
18.2	Pest control took place in rooms occupied by children.
16. Furnishings and Equipment	
19.1.1.	All parts of the home, indoors and outdoors including furnishings and equipment, were not kept clean and sanitary.
19.1.2.	All parts of the home, indoors and outdoors including furnishings and equipment, were not kept free of hazards.
19.1.3.	All parts of the home and premises including equipment, furnishings and plumbing, were not kept in an orderly condition.
19.1.4.	Equipment and plumbing were not maintained in good working order.
19.2	Furnishings, equipment or plumbing were not maintained in good repair and pose a threat to the health, safety or well-being of the children in care.
19.2	Furnishings, equipment or plumbing were not clean and maintained in good repair and pose a threat to the health, safety or well-being of the children in care.
20.1	Fire hazard, such as [], were observed in the home.
17. Smoke Detector, Fire Extinguisher, Corded Telephone, Lighting, Temperature and Ventilation	
20.2	The large family child care home did not have an operable smoke detector.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
20.4	The large family child care home did not have an operable corded telephone or the only phone available was portable or cellular.
20.5	Lighting in the home was not sufficient in that [].
20.6	The operator's home did not have proper ventilation.
20.7	Temperature in the home was not maintained between 65 and 82 degrees Fahrenheit.
20.3	The large family child care home did not have an operable fire extinguisher and/or fire extinguisher with a current certificate.
18. Nutritious Meals and Snacks Provided	
21.1	Meals and snacks supplied by the operator were not of a quantity and/or quality to meet the daily nutritional needs of the children.
21.6	The large family child care home was notified by the custodial parent or guardian of a food allergy and the child's file did not contain written documentation.
21.7	A child was given [] after the large family child care home was notified by parent of the child's food allergy.
21.4	Appropriate documentation for a special diet ordered by the child's physician was not maintained in the child's file.
21.8	Meal and snack menus were not planned and/or written for the licensing authority to review.
21.9	Meal and snack menus were not maintained for 6 months.
19. Handwashing	
22.1	The operator/substitute did not wash their hands with soap and running water after assisting a child with toileting or diapering.
22.2	A child was observed to not wash their hands with soap and running water following personal hygiene procedures
22.1	The operator/substitute did not wash their hands with soap and running water following personal hygiene procedures.
22.3	The [] did not wash their hands immediately following outdoor play.
22.7.2.	Soap was not available to use for handwashing.
22.7.1.	Disposable towels or individual towels were not available to use during handwashing.
22.6	Running water was not available to use during handwashing.
22.4	A toilet and/or wash basin used by children was not easily accessible, safely constructed and/or an impervious platform was not in place.
22.5	
20. Soiled Items	
22.8	Soiled items were not disposed of in a plastic-lined, securely covered container.
22.9	Soiled items were accessible to children.
22.10	The container used for storage of soiled items was not emptied, cleaned and disinfected daily.
22.11	Children's wet or soiled clothing or crib sheets were not promptly changed.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
21. Potty Chairs Cleaned and Sanitized	
22.12	A potty chair was not cleaned and sanitized or disinfected after each use.
22.13	A potty chair was not cleaned and sanitized or disinfected after each use that poses a threat to the health, safety or well-being of the children in care.
22. Individual Towels and Wash Cloths	
23.1	Individual towels and wash cloths were not labeled for the child using the item.
23.2	Disposable towels were not discarded properly after each use.
23. Diapering Area Clean and Sanitized	
24.1	The surface of the diaper changing area was not impermeable.
24.2	The diaper changing surface was not cleaned and sanitized or disinfected with an appropriate solution after each use.
24.3	Items unrelated to diaper changing were stored in the diaper changing area or placed on the diaper changing table/surface.
24.4	The diaper changing area is in or near the food preparation, service or feeding area.
24. First Aid Kit	
25.4	The home's first aid kit did not include the following: [].
25.3	The first aid kit was accessible to children.
25.5	The home's first aid kit was not clearly labeled "First Aid".
25.6	The home's first aid kit was not accessible to the operator/staff or substitutes.
25.1	There was no first aid kit in the home.
25.2	The home did not have a complete first aid kit on a field trip when some children remained in the home and others went on a field trip.
25. Emergency Telephone Information	
26.1	The home's posted emergency information did not include the following phone numbers: [].
26.1.8 26.1.9	The large family child care home's posted emergency information did not include the home's address and directions to the home.
26.2	No emergency information was posted on or near all telephones in the home.
26. Accidents, Incidents, Health Related Symptoms Documented and Shared With Parents	
27.1	The operator failed to immediately notify the custodial parents or legal guardian of a serious illness, accident, injury or emergency to their child.
27.3	The operator failed to contact persons designated by the custodial parent or legal guardian to be contacted in the event that the custodial parent or legal guardian could not be reached.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
27.2	The instructions provided by the custodial parent or legal guardian regarding action to be taken in the event of a serious illness, accident, injury, or emergency were not followed by the operator.
27.2	The instructions provided by the custodial parent or legal guardian regarding action to be taken in the event of an illness or injury were not followed by the operator.
27.4	The operator did not document an observed health sign/symptom that occurred at the large family child care home.
27.7	Documentation completed by the operator was not shared with the custodial parent or legal guardian the day the accident/incident occurred.
27.4	The operator failed to document an accident or incident which occurred at the home.
27.5	An accident or incident record did not include the following: [].
27.6	Records of accidents/incidents were not maintained for one year.
27.7	The operator failed to provide a copy of the accident or incident form to the individual authorized to pick up the child on the date of occurrence.
27.5.7	The operator failed to obtain the signature of the individual authorized to pick up the child on the date of occurrence on the accident or incident form.
27. Fire Drills/Emergency Preparedness	
28.2	Fire drills were not conducted and/or did not include one drill during napping/sleeping times, one drill using alternate evacuation routes, or one in the presence of the licensing authority.
28.3	A written record of fire drills was not completed and/or did not include one drill during napping/sleeping times, one drill using alternate evacuation routes, or one in the presence of the licensing authority.
28.3	The written record of fire drills was incomplete and did not include the following [].
28.4	The operator did not have a record of fire drills for a minimum of one year from the date of the fire drill.
28.11	The operator failed to notify the licensing authority within 24 hours following a fire or natural disaster.
28.5 28.6	The operator did not have a written emergency preparedness plan or the emergency preparedness plan was incomplete.
28.8	The operator failed to maintain records of emergency preparedness and evacuation drills.
28.7	The operator failed to conduct emergency preparedness drills.
20.8 20.9	The operator did not have a current fire safety inspection by the local fire authority.
20.8 20.9	The operator did not have documented proof of an annual fire inspection by the local fire authority.
28. Communicable Disease Control	
29.1	The operator had no plan for isolating a child who becomes ill while in care.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
29.8	Operator, substitute, employee, or household member suspected of having a communicable disease did not leave the areas of the home occupied by children.
29.2	A child with symptoms of suspected communicable disease was not isolated.
29.3	Linens and disposables were not changed after use by an ill child.
29.4	An ill child's signs and symptoms of illness were not reported to the child's custodial parents or legal guardian.
29.5	A child, operator, substitute, employee or household member who still had signs or symptoms of illness returned to the home, while children were in care, without medical authorization.
29.6	A child identified as having head lice was permitted to return to the home before treatment had occurred.
29.7	The operator failed to treat areas, equipment, toys, or furnishing with which a child with lice had contact.
29. Prescription and Non-Prescription Medication	
30.6	Medication, [], was brought to the home by the custodial parent or legal guardian not in its original container.
30.2	Written instructions for dispensing a medication were not followed in that [].
30.1	A medication, specifically [], was dispensed without written authorization from the custodial parent or legal guardian.
30.9	Medication was not stored in a locked area or inaccessible and out of a child's reach.
30.8	Medication was observed without child resistant caps.
30.7	The label on the prescription medication did not have the required information in that [].
30.10	Medication which had expired or was no longer being administered was not returned to the custodial parent or legal guardian.
30.5	A child was given the wrong medication in that [].
30. Documentation of Dispensed Medication	
31.7.1.	The operator's written record for medication did not include the child's name.
31.7.2.	The operator's written record for medication did not include the name of the medication.
31.7.3	The operator's written record for medication did not include the date to be dispensed.
31.7.4.	The operator's written record for medication did not include the time to be dispensed.
31.7.5	The operator's written record for medication did not include the amount of dosage to be given.
31.1.2.	The operator's written record for medication did not include the signature of the custodial parent or legal guardian.
31.7.6.	The operator's written record for medication did not include the signature or initials of the adult who gave the medication.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
31.3	A non-prescription medication, specifically [], was dispensed without written authorization from the custodial parent or legal guardian.
31.4	A non-prescription medication, specifically [], was dispensed and the custodial parent or legal guardian was not notified on the day it occurred.
31.5	A non-prescription medication, specifically [], was dispensed and the child's file was not documented.
31.2	The operator was notified of allergies to medication and there was no written documentation in the child's file.
31.6	The record for medication was not maintained for four (4) months.
31. Immunization Records	
32.1	Neither DH Form 680, Certification of Immunization, nor DH Form 681, Religious Exemption from Immunization, was on file for the child(ren).
32.2.1.	An up-to-date and age-appropriate immunization record was missing for the child(ren).
32.2.2. 32.2.3. 32.2.4. 32.2.5.	The immunization record was incomplete for the child(ren). The record did not document signature of a physician, dates immunizations were administered, or the expiration date.
32. Student Health and Records	
33.1	A Student Health Examination/DH Form 3040, or equivalent, was not available for the child(ren).
33.2.1	The Student Health Examination was no longer current for the child(ren).
33.2.3	The Student Health Examination, on file for the child(ren) was completed by a person without statutory authority to perform health examinations.
33.2.2	The health statement for the child(ren) did not contain all of the elements in the Student Health Examination/DH Form 3040.
33.2.2	The Student Health Examination/DH Form 3040 or equivalent did not include all the required information.
34.5	The parents of children enrolled were not provided information detailing the causes, symptoms, and transmission of the influenza virus.
33. Enrollment Information	
34.1	No enrollment information was on file for the child(ren).
34.2	The enrollment form used by the operator did not include all required information as noted on CF-FSP Form 5219.
34.3	Current enrollment information was not on file for the child(ren).
34.2	There was incomplete information on the Child Care Application for Enrollment, CF-FSP 5219, or its equivalent form, for the child(ren).
34.4	There was no documentation of a signed statement from the custodial parents/guardians of the child(ren) that they had been provided the brochure Selecting a Family Day Care Home Provider.

Large Family Child Care Home Standards Classification Summary

Specific Child Care Licensing Standard	
2017 Standard	2009 Description of the Licensing Standard Violation (citations omitted)
34. Access to the Premises/Misrepresentation	
35.1	The operator was not cooperative in allowing the Department's authorized licensing staff access to all parts of the home and premises to inspect for compliance with minimum standards.
