Rationale for Adding Concentration(s) to an Existing Program

A. Description of Current Program and Any Existing Concentration(s):

Describe the reason that the college is proposing the addition or modification to the current program. (Limit 1200 words)

B. Planning Process:

Include a description of the internal and external processes that occurred to add or modify concentrations in the program, including input from stakeholders, to include employers, students, college staff, and other postsecondary institutions. Review and analyze similar postsecondary program offerings in the college's service region and at other nearby colleges and universities.

1. Internal Process and Meetings (*Limit 800 words*)
2. External Process and Meetings (*Limit 1200 words*)

C. Workforce Need and Demand:

Provide a description of how the unmet needs of students, businesses, and organizations in your region will be mitigated by the addition of the concentration area(s). Incorporate measures, as selected by your institution, which may include brief qualitative or quantitative data; information such as local economic development initiatives; or evidence of rapid growth or decline not reflected in local, state, and national data. (Limit 2000 words)

D. Academic Content:

Curriculum
