PREFACE

Section 1008.385(2), Florida Statutes, mandates that each school district and the Florida Department of Education develop and implement a comprehensive management information system which is made up of compatible components. See

A. AUTOMATED STUDENT INFORMATION SYSTEM

REQUIREMENTS

AUTOMATED STUDENT INFORMATION SYSTEM REQUIREMENTS

Section 1008.385(2), F.S., requires the development and implementation of a comprehensive management information system linking all levels of the state education system. Each school district and the Florida Department of Education shall implement an automated information system component containing student information which is compatible with the statewide comprehensive management information system.

The automated student information system functions and timelines implemented by the Florida Department of Education and each school district are as follows:

HISTORY

1. An automated student information system is to be implemented in each school district by June 30, 1987.

    Each school district shall install an automated student information system which includes the data elements prescribed in Section B of this document and which contains the procedures for performing the automated state reporting and records transfer functions defined in subsections 4. and 5. Each system shall provide all district schools with the local automated functions of basic student information recordkeeping, course scheduling, attendance, test recordkeeping and academic grade and credit reporting (report cards, permanent records and postsecondary transcripts). Automated report cards for elementary schools will be optional for each district.

2. State-level automated student information data base design is to be implemented in the Florida Department of Education by July 1, 1987.

    A state-level student data base of information shall be installed for access by state and local education managers and the Legislature. The data base design shall integrate existing Department reports previously collected separately from school districts within the automated reporting formats defined in subsection 5., thereby reducing data burden, improving compatibility among data elements, and providing a more comprehensive and flexible data base of information. The Florida Department of Education shall implement strict controls for privacy and security of student records as contained in Section C of this document.

3. Automated state reporting functions are to be implemented by each school district beginning July 1, 1987.

    Current state reporting functions are defined in subsection 5.

4. Automated state records transfer of postsecondary transcripts, permanent records and selected Category B information is to be implemented by each school district using the procedures described in the Florida Automated System for Transferring Educational Records (F.A.S.T.E.R.) document provided by the Florida Department of Education. See http://www.fldoe.org/faster/.

The Florida Automated System for Transferring Records (F.A.S.T.E.R.) is an electronic mail system customized to meet the student transfer needs of the Florida school districts, colleges and universities. The F.A.S.T.E.R. system is used to request the transfer of student records from districts or postsecondary institutions and to respond to such requests. The sending district or postsecondary institution will transmit student records through the Florida Information Resources Network (FIRN), which will be stored at Northwest Regional Data Center and then forwarded to the requesting district, postsecondary institution, the Florida Department of Education or other approved entity.

Each school district shall implement electronic transfer of records with other school districts and public postsecondary institutions as listed below. The timelines may differ among districts depending on the district's F.A.S.T.E.R. Implementation Plan, but will be no later than June 30, 1993, for students in grades PK-12, Adult Basic and Adult Secondary Education.

December 1, 1991

All school districts must electronically transfer student records using state-defined record formats containing permanent record and appropriate Category B information for students in grades 9 through 12 to Florida public postsecondary institutions and between Florida public school districts.

April 1, 1992

All school districts must electronically transfer student records using state-defined record formats containing permanent record and selected Category B information for students in grades 6 through 8 who transfer between Florida public school districts.

December 1, 1992

All school districts must electronically transfer student records using state-defined record formats containing permanent record and selected Category B information for students in grades PK through 5 who transfer between Florida public school districts.

All school districts must electronically transfer student records using state-defined record formats for transcripts when adult students transfer between Florida public school districts or apply for admission to public postsecondary institutions.

B. AUTOMATED STUDENT INFORMATION SYSTEM

DATA ELEMENTS

INTRODUCTION

All automated student data elements included in this volume must be incorporated within each school district's automated student information system. Districts may add additional data elements within their local automated system to meet local needs.

DEFINITION

There is a working definition associated with each data element, along with applicable examples, codes, notes and exceptions.

LENGTH AND DATA TYPE

Length and data type define the technical field characteristics to be maintained in the automated system for each element. Numeric elements must have a number in every position, including leading zeros.

GRADES AND PROGRAMS REQUIRING THIS DATA ELEMENT

The data elements contained in this volume do not apply uniformly to all grade levels or instructional programs within the school districts. Accordingly, each data element description lists the specific grade levels and programs which are applicable to the data element. For example, "Dual Enrollment Indicator" pertains only to grades 9 through 12.

COMPATIBILITY REQUIREMENT

All elements must use the specified length, data type and coding definitions provided whenever:

1)   automated state reporting is performed;
2)   a permanent record is built for internal district use;
3)   interdistrict transfer of automated permanent records occurs; or
4)   automated transcripts are sent to postsecondary institutions.

The degree of required compatibility between state and local elements varies. Many elements listed in this document need merely be **compatible**, while others must meet stricter **state standards**.

Compatible elements

For data elements which are designated 'No', for State Standard the coding structures used by the districts, the data element names presented in user documentation, and the length and format of the data fields may be the same as that contained in this volume or they may be completely locally defined depending on the district's student information needs. If local definitions are used, it must be possible to convert the information into the state-required codes, descriptors and formats by calculation, computer procedures or subroutines whenever state formats are required.

District documentation of locally defined elements must reference the state data elements for which they are surrogates.

Even though the state does not require the use of the state-defined codes for these compatible elements, districts are encouraged to keep each of these elements in state format whenever possible to minimize the need for and cost of conversion.

State Standard elements

For data elements which are designated 'Yes' for **State Standard**, the coding structures used by the district, the data element names presented in user documentation, the length and format of the data fields for all external occurrences of information in reports, user documentation and display and entry screens must be the same as those contained in this volume.

Thus, **State Standard** elements must meet these additional requirements:

1) the state codes **must be used locally exactly as defined** in this document for automated student data elements;

2) user documentation must list the **State Standard** data element name;

3) input and output documents and reports must use the state-defined codes; and

4) local screen displays must use the state-defined codes.

These requirements do not address the **physical storage** of the data on tape, disk or other medium, but only how the data elements are to be presented to users in the paper format or on screen displays. The stricter definition of **State Standard** still allows the district the flexibility to use its own district-defined codes for **physically** storing elements in the student record system while, at the same time, using **State Standard** codes for display, input, reports, and user documentation. For example, a date might be required to appear always to the user as MMDDYYYY or MM/DD/YYYY but could be physically stored as YYDDD with nonusers system documentation recording this fact.

These standards do not require the district to show or print the Student Number Identifier, Florida on screens or reports. A local identification number may be displayed or printed as long as the local identification number can be crosswalked to the Student Number Identifier, Florida for state reporting purposes.

In many of the data element definitions included in this volume, a code has been defined for "not applicable." In cases of very specialized data elements, such as "Disciplinary/Referral Action Code" or "Exceptionality, Primary," it would seem more sensible in terms of the design of the student records system to record information for such specialized elements only for students to whom the element is pertinent. For both **Compatible** and **State Standard** data elements, the codes defined as "not applicable" need not be maintained in the local data records or displayed on local screens. At the time of reporting, if it is determined that a particular characteristic or condition is "not applicable" for an individual student, the value meaning "not applicable" may be programmatically inserted into the reporting structure at that time.

This interpretation should allow segmentation of records: for example, discipline records should be maintained only for those students who have been disciplined by school officials. The data element, "Adult Fee Status", should be maintained only for adult students. This should help reduce the need to store large numbers of characters of "noninformation" in the local data records and thus reduce the need for disk or other data storage space.

Use Types

Use Types define the major purposes for which information is collected, maintained and utilized as follows:

> **State reporting** means the data element is required for a state report and must be forwarded to the Florida Department of Education as per the format descriptions.

> **Local accountability** identifies those data elements which the school district must maintain as an audit trail in support of statutorily required activities. These include **permanent record** data elements as required by Rule 6A-1.0955, FAC and defined as Category A items which school districts must maintain on a permanent basis for each student.

> **FASTER** indicates the data element is included in one or both of the following:

> **Postsecondary transcript** - sent by school districts to state colleges or universities upon request of the student..

> **District records transfer** - forwarding to a requesting school district a prescribed set of data elements pertaining to a student to facilitate an initial and prompt placement of the student in the receiving district's programs. District records transfer includes all permanent record elements plus Category B information deemed to be essential for initial placement of the student.

Migrant Tracking refers to the Migrant Student Information Exchange (MSIX). Section 1308(b) of the Elementary and Secondary Education Act as amended by the NCLB Act of 2001 requires methods for electronically exchanging student records among districts and states for migrant students. MSIX data is used to facilitate the timely enrollment, grade and course placement and credit accrual of migrant students who move from one district or state to another due to their migrant lifestyle.

STATE REPORTING FORMATS REQUIRING THIS DATA ELEMENT

A section is included with this document which specifies the state reporting formats which school districts must utilize in performing automated state reporting functions. Each data element page lists the specific automated state reporting formats which require the data element.

DATA ELEMENT NUMBER:

The data element number is an internal number assigned by the Education Information Services section, to facilitate use of the data base elements. School districts need not maintain this number in their local automated system.

SURVEY PERIODS REQUIRED

See data element "Survey Period Code" for an explanation of these codes. The Survey Periods that pertain are listed for each data element. If the Survey Period has 'Yes' next to it, the data element is fully reported in the survey period indicated. If the Survey Period has 'Default' next to it, the data element must contain the default value when submitted to the Department for the survey period. If the Survey Period has 'Varies' next to it, the data element must be fully reported on at least one format for the survey period and a default value must be reported on at least one additional format for the survey period, as indicated in the notes on the format layouts. If the Survey Period has 'Optional' beside it, the district has the option of sending actual data or the default value for the element for the survey period. For survey periods with "Optional" indicated, the data or default value will be ignored by the Department's system and default values will be loaded to the data base for these elements.

YEAR

The Year indicates the fiscal year for which this version of the data element is applicable. The Year is updated each July 1 for the next fiscal year until the element is no longer active. Only active data elements are included in each year's listing of data elements on the web site.

The Year Implemented indicates that a data element was first required at the beginning of the indicated fiscal year (July 1).

APPENDIXES

Each appendix that applies to the data element is listed. Appendixes provide one or more of the following: the universe of codes that are valid for the element, expanded explanation of the codes that are valid for the data element, background information about the data element and coding structure, additional information relevant to understanding and reporting the element.

DESCRIPTION OF CHANGES

Beginning with 2011-12, each change to the element is listed with the date the change was made, the part of the element that was changed (e.g., definition, codes, required formats, required surveys, etc.) and a detailed description of the change.

Data Element Number: **100700**

Data Element Name: **Adult Educational Functioning Level, Final**

A federally defined code indicating the Adult General Education or English Language functioning level of the adult student for the course at the end of the reporting period.

Based upon the instruction being reported on the record, select the most appropriate response from those listed under either Adult General Education (Adult Basic Education and Adult Secondary Education), Literacy for Adult ESOL Learners, Adult ESOL, or Adult VESOL.

For the final Adult General Education functioning level, use the following codes to relate functioning levels to grade levels. See Appendix M for grade levels crosswalked by year. If you use a "Comprehensive" course, enter the code for the lowest "score" and track that through the end of the reporting period.

Code	Definition/Example
Adult General Education	
B	ABE Beginning Literacy (grade level 0 through 1.9)
F	ABE Beginning Basic Education (grade level 2.0 through 3.9)
H	ABE Intermediate Low (grade level 4.0 through 5.9)

Computer Education (CE) may be substituted for an elective credit when a district's local policy requires a student to complete a computer education course in order to graduate.

Students entering grade nine on or after the 2007-08 school year may use Performing Fine Arts (PF) or Practical Arts with Artistic Content (PA) to meet graduation requirements as defined in section 1003.428(2)(a)5, Florida Statutes as follows: "One credit in fine or performing arts, speech and debate, or a practical arts course that incorporates artistic content and techniques of creativity, interpretation, and imagination." A listing of courses that meet the PA definition can be found in the Course Code Directory.

The Arts graduation requirement may be fulfilled by substituting one of the basic Computer Education or Journalism courses on a curriculum equivalency basis. If a substitution is made, a 1 or $ should be shown in the Course Flag field. This is in effect for students entering grade nine through the 2008-09 school year.

Half of the credit earned in a course coded SV satisfies the graduation requirement for Science and half satisfies the graduation requirement in the Career and Technical Education area.

*Life Management Skills (LM) graduation requirement was effective for students entering grade nine prior to the 2007-08 school year.

Courses in the Language Arts section of the Course Code Directory will be coded as EN if they meet the specific graduation requirements for English. Those Language Arts courses which do not meet the graduation requirements for English would be coded as Electives (EL) or Language Arts Electives (LA) depending on district policy.

Courses in the Social Studies section of the Course Code Directory which meet specific graduation requirements will be coded to match the graduation requirement which they address: EC - Economics, WH - World History, AH - American History, and AG - American Government. Social Studies courses which do not meet specific graduation requirements will be coded as Electives (EL) or Social Studies Electives (SS) depending on district policy.

Courses in World Languages may be coded as Electives (EL) or as World Language Electives (FL) depending on district policy. If the student is completing course work for college admissions or the Florida Academic Scholar Program, World Language courses should be coded FL.

Beginning with the 2011-12 year, it is mandatory to use the codes A1, BI, or GE for the incoming 9th grade cohort for Mathematics and Science courses listed as Algebra 1 (or equivalent), Biology (or equivalent), Geometry (or equivalent) in the Course Code Directory.

	In-school suspension is defined as the temporary removal of a student from the school program not exceeding ten days. (Maintained for students in grades PK-12 only.)
	In accordance with the Individuals with Disabilities Education Act, this code must be used for all instances in which a child with a disability is temporarily removed from his/her regular classroom(s) for disciplinary purposes but remains under the direct supervision of school personnel.
L	Seclusion
	The involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. It does not include a timeout, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming.
M	Mechanical Restraint
	The use of any device or equipment to restrict a student's freedom of movement. The term does not include devices implemented by trained school personnel, or utilized by a student that have been prescribed by an appropriate medical or related services professional and are used for the specific and approved purposes for which such devices were designed, such as: Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports; Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle; Restraints for medical immobilization; or Orthopedically prescribed devices that permit a student to participate in activities without risk of harm.
O	Suspension, Out-of-School

For example, this code may be used when districts require students to attend additional activities such as "Saturday School", tobacco cessation programs, drug prevention programs, counseling, anger management programs, or community service while they continue their regular course of study. (This code is to be used only when the action is related to a SESIR defined incident).

U	Change in Placement

Change in placement (not to exceed 45 days) due to a unilateral decision by school personnel following a drug, weapon or serious bodily injury offense. (This code is for students with disabilities only.)

Notes:

CODE U: Use Code "U" only for those students with disabilities involved in drug, weapon or serious bodily injury offenses who were unilaterally removed to an interim alternative education setting by school personnel other than the IEP team, in lieu of suspension/expulsion.

LOCAL USE ONLY CODE D: Districts may record other district-defined disciplinary/resultant actions which cannot be reported using any other code in this element, and may assign them the code D in their local systems. These district-defined disciplinary/resultant actions should not be included on the Student Discipline/Resultant Action format. This code is to be used only when the action is related to a non-SESIR defined incident.

CODE H: For survey 5, most students with a record coded with H should also have a record coded E, F or P based on School Board action. This note is a reminder to districts that Code (H) – Suspension Extended, Pending Hearing will be followed by a record with (E) – Expelled, Without Continuing Educational Services, (F) – Expelled, With Continuing Educational Services, or (P) – Placement in an Alternative Educational Setting code for survey 5, based on the final school board decision.

Data Element Name: **Dropout Prevention/Juvenile Justice Programs**

A code indicating the type of program(s) in which the student participated.

Note: In surveys 2 and 3 the student should be in the program during survey week to be reported. Also, in surveys 2 and 3 only one code is reported. Codes R and E take priority because they are used to identify the proper status of students in the school grading system. In survey 5, report students who were served at anytime during the school year and, for students participating in more than one program, record the code for each program at each school in which the student participates.

Code	Definition/Example
A	Disciplinary Programs: Programs designed to provide intervention for students who are disruptive in the traditional school environment. Note: This may include in-school suspension programs. This code does not apply to students who have been assigned to this program as an alternative to expulsion – use code E for these students.
D	Education Services in Department of Juvenile Justice Programs: Educational programs provided to students in Department of Juvenile Justice prevention (diversion), detention and commitment programs.
E	Alternative to Expulsion Programs: Programs designed for students who are subject to district school board policies for expulsion for repeated or serious offenders.
N	Non-School Institution for Neglected or Delinquent Students Student resides in a non-school institution for neglected or delinquent students as defined in Title I, Parts A and D of the Elementary and Secondary Education Act, as amended by Public Law 107-110. See the element Institution Number, Neglected /Delinquent for additional information.
P	Teenage Parent Programs: Educational programs which are designed to provide a specialized curriculum and other services to meet the needs of students who are pregnant, students who are parents or babies of TAP students.
R	Dropout Retrieval Programs: Alternative programs serving students who have officially been designated as dropouts.
U	Educational Alternative Programs: Educational programs which are designed to offer variations of traditional instructional programs and strategies for the purpose of increasing the likelihood that students who are unmotivated or unsuccessful in traditional programs remain in school and obtain a high school diploma or its equivalent. This code does not apply to students who are participating in this program as a retrieved dropout - use code R for these students. Note: Examples of Educational Alternative Programs include but are not limited to course modifications, credit recovery, integrated curriculum, alternative curriculum, flexible schedules and self paced curriculum. Typically alternative education programs apply alternative strategies that lead to improvement in academic performance, student attendance or student behaviors.
W	At Risk Programs: Programs in which At-Risk students are provided services with Title I, Part D funds. Services are provided outside of a traditional classroom setting. Examples include after school tutoring services and summer services when school is not in session.

Code	Definition/Example
D	Title I, Part D The program is supported, at least in part, by Title I, Part D, Neglected and Delinquent funds.
E	Title III, Part A The supplemental services provided to the student are supported, at least in part, by Title III, Part A, Language Instruction for Limited English Proficient and Immigrant Students, No Child Left Behind, funds.
I	IDEA, Part B The early intervening services provided to the student are supported, at least in part, by IDEA, Part B funds. Funds are to be used to develop and implement coordinated, early intervening services for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade three) who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment. This code should be used regardless of whether the expenditures are required or voluntary. Districts may use up to 15% of IDEA, Part B funds for this purpose (34 CFR §300.226). This is reported in Survey 5 only.
Z	None of the Above The program does not receive funds from the above fund source.

NOTE: Students reported with:

1. D should be reported on the Dropout Prevention Program Data format,
2. E should be reported on the English Language Learners Information format,
3. I should be reported on the Federal/State Indicator Status format, and
4. More than one code should be reported for a student, if applicable, each on the designated format.

Data Element Name: **Fund Source: NCLB Title III**

A one-character code to identify whether a teacher's position or the program a teacher is teaching in is funded under Title III of the No Child Left Behind (NCLB) Act.

Code	Definition/Example
N	No Title III funds are used to pay this teacher or fund the program in which the teacher is teaching.
Y	The teacher or program receives Title III funds.
Z	Not applicable. Report code Z for survey periods 1 and 4.

Note: Title III is a 100% federally funded supplemental program that concentrates on delivering language instruction educational programs to students who have a primary language other than English. This program is designed to improve the education of English Language Learners (ELL) children and youths by helping them learn English and meet challenging state academic content and student academic achievement standards. The program also provides enhanced instructional opportunities for immigrant children and youths.

If Title III funds are used in any way to provide supplemental assistance to the teacher or program use code Y.

For example:

• A teacher is NOT funded with Title III funds but textbooks specific to the ELL students and used in this class were purchased using Title III funds; thus a Y code is used. In other words, the program is being supplemented with Title III funds to enhance the instructional opportunities for ELL students.
• A teacher teaching ELL students, not paid by Title III and having no supplemental services or materials in the class that were purchased using Title III funds. Use code N.
• A school with a specific instructional program model (bilingual, sheltered, two-way) that includes an instructional ELL coach paid with Title III funds who works with the teachers at the site. Use code Y.

Data Element Number: **125625**

Data Element Name: **Grade Point Average State, Cumulative**

The numeric value (with an implied decimal point) of the student's cumulative grade point average calculated on an unweighted 4.0 scale, if different from the Grade Point Average District, Cumulative.

The Grade Point Average State, Cumulative is used to determine if the student has met the state high school graduation requirements of a minimum of 24 credits and a 2.0 GPA based on a 4.0 scale. See Section 1003.43, F.S., for general requirements for high school graduation.

This grade point average is calculated as specified in Section 1003.437, F.S., by assigning quality points of "A" = 4, "B" = 3, "C" = 2, "D" = 1, "F" = 0, and "Incomplete" = 0 to the letter grades displayed on the automated permanent record ("+" and "-" signs are ignored). Grades of NG (No Grade Assigned), WP (Withdrew Passing), and WF (Withdrew Failing) are not applicable for inclusion in the Grade Point Average State, Cumulative.

If the district's Cumulative Grade Point Average for the student is based on a different scale than the 4.0 scale noted above, the district must calculate a Grade Point Average State, Cumulative.

The Grade Point Average District, Cumulative and the Grade Point Average State, Cumulative, if different from the district's average, will be displayed on the automated permanent record and the transcript. This State Grade Point Average will be used for all state-defined functions. See Section 1003.437, F.S., for the statewide grading scale.

Code	**Definition/Example**
NNNNN	Examples: 36250 Grade Point Average = 3.6250
	00000 Grade Point Average = 0.0000
	99999 Not applicable

Examples of Not Applicable:
A student withdrew from all courses before a grade was assigned (NG).
A student withdrew from all district courses before grades were calculated (WP or WF).
A student enrolls only in non-credit courses and is not assigned grades (NG).

Notes:
GPA State, Cumulative must be reported for all students in grades 9-12 and should be reported for any students in grades 6-8 where it is applicable.
A GPA State, Cumulative of 99999 indicates that a student received no grades in the courses completed.
Grades of Incomplete should be included as zeros in the calculation of GPA State, Cumulative.

Data Element Number: **126425**

Data Element Name: **Grade Promotion Status**

Grade promotion status is defined as the change in grade assignment at the end of a regular school year or summer session. For example, if a PK-12 student meets all criteria for advancement to the next highest grade in his or her current school at the end of the regular 180 day school year or the summer session, that student is considered to have been promoted. Conversely, any PK-12 student who has not met all criteria for advancement to the next highest grade should be considered as retained. Codes and definitions follow:

Code	Definition/Example
A	Promoted to a higher grade without meeting levels of performance for pupil progression based on limited circumstances for exceptions or good cause.
D	Student with disabilities opted to remain in school, or a non-disabled student opted to remain in school for one additional year. *
N	Not enrolled in a KG-12 program in the district at the end of the school year. **
P	Academically promoted to a higher grade, graduated, completed, or reported with withdrawal code WPO.
R	Retained in same grade at the end of the school year.
Z	Promotion status not applicable. Use this code for PK unless the PK student is promoted to kindergarten; for students in continuous progress schools who have not been promoted; for students enrolled in District 71, and for students in grades 30 and 31.

COMMENT:
Definitions are abbreviated on the permanent record. See Automated Student Permanent Record document.

* Use for additional years beyond graduation and completion year. The Individuals with Disabilities Education Act (IDEA) requires that districts must provide a free and appropriate education (FAPE) to all students who have not reached age 22 and who have not earned a regular high school diploma (34 CFR 300.101). This requirement applies even if the student has received a special diploma, a certificate of completion, or a special certificate of completion. Additionally, districts may choose to continue to offer FAPE through the school year in which students turn 22. Section 1003.43 (10)(b) Florida Statues allows students who are entitled to a certificate of completion to remain in school for up to one additional year to remedy his or her identified deficiencies.

** Any student withdrawing prior to the end of the school year and receiving a diploma, certificate, or WPO withdrawal code should be coded P rather than N.

Abandoned in hospitals;

Awaiting foster care placement;

Having a primary nighttime residence that is a public or private place not designed for, or ordinarily used as a regular sleeping accommodation for human beings;

Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

Migratory children may qualify as homeless for the purposes of this definition if the children are living in any of the circumstances described above.

Z   Use this code for (UBL) Unsubstantiated Bullying and (UHR) Unsubstantiated Harassment.

NOTE: Incident is gang related if gang affiliation/association caused the incident or was a contributing factor to action that happened during the incident. For example, an incident of vandalism or robbery might be a part of an initiation into a gang or a fight might be caused by group rivalry. Report an incident as gang related only if you are sure that gang affiliation/association contributed to that incident. Factors to be considered when determining whether the incident is gang related include, but are not limited to the following: A gang is a somewhat organized group of some duration, sometimes characterized by turf concerns, symbols, special dress or colors. The group is recognized as a gang by its members and others. One or more of those involved in the incident admits to gang affiliation/association or admits that gang affiliation/association was a contributing factor to the incident. One or more of those involved was identified by his/her parents as a gang member/associate. One or more involved were wearing clothing, tattoos, or a style of dress "known" to be associated with gang(s). Students/witnesses to the incident alleged that the incident or one or more of those involved in the incident was gang related or affiliated/associated with a gang. The determination of whether or not the incident was gang related should be based on a reasonable interpretation of the totality of the circumstances.

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

The identifier assigned by the Florida Department of Education to specify the industry certification or technical skill attainment by third party assessment that the student has taken/attempted.

See Appendix Z for a list of the Industry Certification Identifiers.

Report all Z's (ZZZZZZZZ) if no industry certification was attempted by the student in the course being reported.

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, MICRO069 - This Microsoft bundle requires that a student pass three of five exams. Students must have taken at least three exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, NRAEF002 - This certification requires the student pass Year 1 and Year 2 exams and complete 400 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of "P" on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, ADOBE012 - This certification often has software updates and new versions of the software and subsequent exams are released. If a student earned the ADOBE012 certification in 2011-12, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). Therefore, students should not be reported with the same industry certification identifier more than once in the survey. The outcome reported should be the final outcome for the reporting year.

For example, ADOBE012 – If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once.   If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted.

Code	Definition/Example
CISCO004	Cisco Certified Network Associate (CCNA)
NIASE007	ASE Automobile/Light Truck Technician: Brakes (A5)
ZZZZZZZZ	Not applicable. No industry certification was attempted by the student in the course being reported.

The count period (which may be set separately for each institution) is 30 consecutive calendar days at least one of which falls within the month of October.

For Title I, Part D, Students in State-Operated Residential Programs (i.e., Washington Special) (Subpart 1): Report state-operated Neglected/Delinquent Institution Numbers only for students, under age 21, who received free public education provided by the state and enrolled in a regular program for at least 20 hours per week in a Neglected or Delinquent institution or 15 hours per week in an adult correctional institution. The average length of stay for students in each of these institutions must be at least 30 days.

For Survey Period 5 the following applies:
Subpart 2: This element is reported for any student, ages 5-17 inclusive, who resided in a non-school institution for neglected or delinquent students at any time between July 1 and June 30 of the reporting year.
Subpart 1; This element is reported for any student, under age 21, who resided in a state-operated residential delinquent program (i.e., Washington Special) at any time between July 1 and June 30 of the reporting year.

Code	Definition/Example
LF	The student is being followed up for a two-year period after having exited from the ESOL program.
LP	The student is in the 3rd-12th grade, tested fully English proficient on an Aural/Oral Test and is Limited English Proficient pending the Reading and Writing assessment or the student is in K-12th grade, answered "yes" on the Home Language Survey question "Is a language other than English spoken in the Home?" and is pending aural/oral assessment.

ZZ	Not applicable

NOTE: Code LN has been removed effective July 1, 2007. Students previously reported as LN must be reported under another approved code, as appropriate. The decision regarding the appropriate code should be based on whether or not the student is receiving instruction to meet his/her unique needs, regardless of instructional model/approach, teachers' certification and program funding.

Data Element Name: **Migrant Priority for Services**

An indicator that the migrant student has been classified as failing or at risk of failing to meet the state achievement requirements and that the student's education has been interrupted during the regular school year leading to the designation of "priority to receive services." Students Identified as "Priority for Services" must receive services prior to migrant funds being utilized for other migrant children. The following indicators shall be used to identify the children who should receive "Priority for Services".

The migrant student who:
1) Scored at Level 1 or Level 2 on the FCAT and/or did not pass a required End of Course exam; or
2) Is an English Language Learner *; or
 Was retained at any time; or
4) Has an age/grade discrepancy; or
5) Is at risk of failing to meet the state graduation requirement by having one or both of the following:
5.1) an unweighted GPA of 2.0 or below, or
5.2) insufficient credits for promotion or graduation.

An "educational interruption" occurs when a child, in the preceding 12 months, has changed schools or missed a "significant" amount of school time (e.g. ten days or more) during the regular school year (defined as August through June) due to the child's or family's migrant lifestyle. This determination is made on a "rolling" basis, that is, at the time an eligible migratory child is identified and enrolls in school, the preceding 12 month enrollment history should be reviewed for significant absences.

Code	Definition/Example
N	The migrant student is not designated as Priority for Services.
Y	The migrant student is designated as Priority for Services
Z	The student is not a migrant student.

This determination is made through the use of a district assessment(s) as required by SBER 6A-6.054(2)(c) and (3)(c). Students with intervention needs in the areas of decoding and/or text reading efficiency must receive additional instructional time. The process for this determination is included in the district's K-12 Comprehensive Reading Plan.

This element applies to students in grades 06-12 only. Report a 'Z' code for all students in grades PK – 05.

Code	Definition/Example
D	The student has been determined to have intervention needs in the areas of decoding and/or text reading efficiency in Reading through the use of a district assessment(s).
F	student has been determined to be proficient in the areas of decoding and/or text reading efficiency in Reading through the use of a district assessment(s).

Similarly, section 1003.428(b)(2) states, "A high school student who scores at Level 1 or Level 2 on FCAT Reading but who did not score below Level 3 in the previous 3 years may be granted a 1-year exemption from the reading remediation requirement; however, the student must have an approved academic improvement plan already in place, signed by the appropriate school staff and the student's parent, for the year for which the exemption is granted."

Data Element Number: **168521**

Data Element Name: **Reading Intervention Component**

A code indicating whether or not the course is used to provide reading intervention for the student as per section 1008.25 (2)(b) and (4)(a)-(c). Students scoring at Levels 1 and 2 on the Reading portion of the Florida Comprehensive Assessment Test (FCAT) or who have been determined through diagnostic assessment to have a reading deficiency must receive intervention.

This indicator applies to students in grades KG-12 only. Report a 'Z' for prekindergarten students.

Code	Definition/Example
E	Yes, this course is used to provide reading intervention for this student. This student is also receiving extended time in reading intervention before school, after school, or at another time during the school day. This code applies to students in grade levels 6-12 only.
F	Flexibility – This course is used to provide reading intervention to students who have met the graduation requirement in reading with a score of Level 2 on FCAT Reading (or a concordant score) as noted in SBER 6A-6.054(3)(e). Having a student assigned to the class under this "flexibility" provision does not require the teacher of the course to be reading endorsed, reading certified or to have completed Content Area Reading Professional Development, but the teacher must be knowledgeable in providing reading strategies. This code applies to students in grade levels 11 and 12 only.
N	No, this course is not used to provide reading intervention for this student.
Y	Yes, this course is used to provide reading intervention for this student. For grades 6-12, this student is not also receiving extended time in reading intervention before school, after school, or at another time during the school day.
Z	Not applicable. The student is not in grades KG-12.

Note: Report code Z for all students in Survey Periods 1 and 4.

Note: The reading intervention course must meet the implementation guidelines set forth by the Just Read, Florida! office and approved in the district's K-12 Comprehensive Reading Plan.

Data Element Number: **175625**

Data Element Name: **Student Number Identifier, Florida**

A ten-character code used to uniquely identify a student. The number must be maintained for all PK-12 students, adult general education students and postsecondary career and technical education students.

If the student provides a social security number, the Student Number Identifier, Florida equals the social security number followed by an "X."

If a student does not provide a social security number, the school district should assign a number using the common method statewide.

For any student entering a Florida school district for the first time who does not have a social security number, the first two digits will represent the district of initial entry into the Florida school system.

The last eight digits are district-defined in such a way as to result in a unique student number within the district where the number is originally assigned.

Code	Definition/Example
123456789X	The student's social security number (123-45-6789) followed by an X is the student's identifier number.
2610124677	The student did not provide a social security number and was assigned an identifier number by Hendry County, the district of initial entry into a Florida public school for this student.

If a student does not provide a social security number at the time of entry, but later provides a social security number, the district must update the Student Number Identifier, Florida with the verified social security number.

See Student Number Identifier - Alias, Florida data element for more information concerning changes to the Student Number Identifier, Florida.

Section 1008.386, F.S. requires school districts to request a social security number for each student in grades PK - Adult who enroll or who are enrolled in school. However, a student is not required to provide his or her social security number as a condition for enrollment or graduation.

Districts may maintain a separate local student number identifier.

Data Element Number: **175630**

Data Element Name: **Student Number Identifier - Alias, Florida**

A ten-character code used to identify the first Student Number Identifier, Florida assigned to a student in a district. The number will be reported to the state and will be used to enable the state to do longitudinal studies.

Creation of the Data Element

1. Upon enrollment in the district, copy each student's Student Number Identifier, Florida to the student's Student Number Identifier - Alias, Florida field.

2. Effective the first day of the 180 day 1991-92 school year, for any student who provides a social security number, the student's Student Number Identifier, Florida should be equal to the student's social security number followed by an "X."

Subsequent Changes

If a social security number is provided at a later date or the student's social security number is incorrect, the student's existing Student Number Identifier, Florida must be updated. The correct social security number would be entered in the first nine positions of the Student Number Identifier, Florida field and an "X" would be entered into the tenth position. The Student Number Identifier – Alias, Florida field must remain constant.

If a student does not have a social security number and the district determines the student's Student Number Identifier, Florida is incorrect, the student's existing Student Number Identifier, Florida must be updated. The Student Number Identifier - Alias, Florida must remain constant.

Data Element Number: **177900**

Data Element Name: **Time, Total School Week**

The total amount of time a disabled student is scheduled to attend school each week. This should be reported in minutes per week. All scheduled time i.e., class time, recess, lunch, and time between classes must be included in the total.

Code   **Definition/Example**

Examples:

1. Student A's school day begins at 7:30 A.M. and ends at 2:30 P.M. and the student attends five days per week. The total amount of time in school is calculated based on seven hours per day, five days per week. This equates to 2100 minutes per week.

2. Student B's school day begins at 7:30 A.M. and lasts until 12:30 P.M The student then leaves the school campus to go to an on-the-job training site (OJT) on Monday, Wednesday, and Thursday. The student works until 5:00 P.M. on those days. For the three days the student goes to OJT, the minutes would equate to 570 minutes per day x 3 days = 1,710 minutes. For the two days the student does not work, the minutes would equate to 300 minutes per day x 2 days = 600 minutes. Then, the total time in the school week for this student is 1,710 minutes + 600 minutes = 2,310 minutes.

NOTES: This data should be reported only for Survey 2. Districts should zero-fill this element for all other survey periods.

This field should be zero-filled for students who are reported as gifted only--primary exceptionality is L and other exceptionalities are all Z's.

For students with disabilities ages 3-5, Time, Total School Week must reflect all programs the child is attending including childcare, private kindergartens or preschools, home services, Head Start, and service provider locations, as well as public preschool classes and kindergarten.

Data Element Number: **187011**

Data Element Name: **WDIS Student Instructional Hours**

WDIS Student Instructional Hours is a whole number, expressed in hours, assuming no decimal places and right justified with leading zeros.

WDIS Student Instructional Hours may not be reported in the Workforce Development Information System (WDIS) for students enrolled in courses or programs for which the direct instructional costs have been fully funded by an external agency. Section 1011.80(5)(d), Florida Statutes:

"State funding and student fees for workforce education instruction shall be established as follows: For a public educational institution that has been fully funded by an external agency for direct instructional costs of any course or program, the FTE generated shall not be reported for state funding."

For Adult General Education (Cost Reporting Codes ranging from 401 – 409*):
For the procedures governing the reporting of WDIS Student Instructional Hours for adult general education students, see the procedures and technical assistance documents found at these links:

http://info.fldoe.org/docushare/dsweb/Get/Document-3722/06_14memo.pdf
http://info.fldoe.org/docushare/dsweb/Get/Document-3724/06_14att2.pdf
http://info.fldoe.org/docushare/dsweb/Get/Document-3723/06_14att1.pdf

For Career Certificate and Applied Technology Diploma (Cost Reporting Codes ranging from 351 – 369*):
For career certificate and applied technology diploma students, the WDIS Instructional hours shall be defined as the number of scheduled course hours from a student's first day of enrollment in a course and to his/her last scheduled day of enrollment in the course. If the student's enrollment in a course crosses reporting surveys, the instructional hours shall be pro-rated across the survey.

WDIS Instructional hours may not exceed the contact hours for which a student has paid/deferred tuition or received a wavier/exemption for the payment of tuition; the only exception is for instructional hours of students who withdrew after the drop/add period. If a student withdraws from a course prior to the end of the reporting survey (but after a drop/add period), the instructional hours may still be reported through the end of the course for that survey. For cases in which a student transfers to a different section in the same course during the survey, the instructional hours for the first section must be reported based on the hours from the date of enrollment to the date of transfer.

Code	Definition/Example

Cost Reporting Codes ranging from 351 – 369*

Code	Definition/Example
0100	The student enrolls in a 150 hour course and is scheduled to attend 100 hours in the fall survey and 50 hours in the spring survey. The student remains in this course to the end of the second survey. For this student, WDIS instructional hours are 100 hours in the fall survey and 50 hours in the spring survey.
0150	The student enrolls in a 150 hour course and is scheduled to attend 150 hours within the survey. The student remains in this course to the end of the survey. For this student, WDIS instructional hours are 150.
0150	The student enrolls in a 150 hour course and is scheduled to attend 100 hours in the fall survey and 50 hours in the spring survey. The student remains in this course to the end of the second survey. For this student, WDIS instructional hours are 100 hours in the fall survey and 50 hours in the spring survey.

For Continuing Workforce Education and Apprenticeship (Cost Reporting Codes ranging from 341 – 349, 371 and 372*):
For each Continuing Workforce Education and apprenticeship student, the WDIS Student Instructional Hours shall be defined as the number of scheduled hours from that student's first day of enrollment in that program and course through the last scheduled day for that program and course in the survey regardless of attendance.

The following Continuing Workforce Education and apprenticeship examples apply in district XX where there are 18 weeks in a semester. The WDIS class in question is scheduled to meet for one hour twice each week for a WDIS Class Length of 36 scheduled hours.

Reporting Codes ranging from 341 – 349, 371 and 372*

0032	The student enrolls on the fifth class day of the course (missing the first four classes). WDIS Student Instructional Hours are calculated from the fifth day of class through the last scheduled class day in the survey. For this student, WDIS Student Instructional Hours are 32.
0036	The student enrolls on the first day of the course. WDIS Student Instructional Hours are calculated from the first class day of the course through the last scheduled class day in the survey. For this student, WDIS Student Instructional Hours are 36.

R* - Effective 7-01-08 for the 2008-09 school year and beyond, STA and NRT are no longer approved for entry/exit assessment for English Language Learners (ELLs). Prior to 7-01-08 for ELLs only, the NRT reading portion of FCAT may be used (i.e., the Stanford 10). The code FCA may be used to report the scores previously reported using the Stanford Achievement Test (STA). If districts are using an abbreviated form of the Stanford Achievement Test to assess ELLs for reading/writing, then the Stanford Achievement Test with code STA must be used to report these scores.

NOTE: Appropriate tests for reporting ELL data are indicted as: L-listening; S-speaking, R-reading and W-writing.

APPENDIX P: DEFINITIONS FOR INCIDENT REPORTING

Incident Type Level		Incident Type	Definition	Examples	Non-Examples:	Law enforcement should be called if someone in authority observes a student, who appears to be intoxicated, getting out of a car after he/she was just seen driving it, or getting into the driver's seat.		
LEVEL IV	ALC*	**ALCOHOL**	(possession, use or sale) - Possession, sale, purchase, or use of alcoholic beverages. Use means the person is caught in the act of using, admits to use or is discovered to have used in the course of an investigation.	Student testing positive for alcohol by law enforcement. Student possessing, using, or selling alcohol.	Student being suspected of using alcohol without evidence. Student smelled of alcohol who after investigation was found to be diabetic.	Report only intentionally-set fires to SESIR.		
LEVEL I	ARS*	**ARSON**	(intentionally setting a fire on school property) - To damage or cause to be damaged, by fire or explosion, any dwelling, structure, or conveyance, whether occupied or not, or its contents.	Student or other deliberately burning school property (building, fixtures, etc).	Student or other unintentionally starting a fire.	To distinguish from *Fighting*, report an incident as Battery only when the force or violence is carried out against a person who is not fighting back.		6/1/12: Definition - added sentence: "The attack must be serious enough to warrant consulting law enforcement or result in serious bodily harm." Examples - added "resulting in serious injury"
LEVEL I	BAT*	**BATTERY**	(physical attack/harm) - The physical use of force or violence by an individual against another. The attack must be serious enough to warrant consulting law enforcement or result in serious bodily harm.	Student hitting another with a heavy implement over the head resulting in serious injury. Student jabbing a pen into another's arm resulting in serious injury. Student or other engaging in a mutual physical altercation with another and continuing to hit/beat that person even after that person stops fighting, or is no longer able to fight back resulting in serious injury.	Student or other delivering a single poke to the chest. Student or other delivers a single, non-injuring strike to the arm of another. Student or other actively engaging in a fight with each other (refer to *Fighting* code as a possible SESIR code). Student or other striking back when hit by an aggressor and becoming engaged in a fight with the aggressor. (Refer to *Fighting* code as a possible SESIR code.)	If entry was by force, resulting in facility damage, the incident should be coded as Breaking and Entering/Burglary		
LEVEL II	BRK*	**BREAKING AND ENTERING/BURGLARY**	(illegal entry into a facility) - The unlawful entry with force, or unauthorized presence in a building or other structure or conveyance with evidence of the intent to damage or remove property or harm a person(s).	Student or other breaking and entering into: a school building during athletic events, a school bus, or a residential garage that is being used for a school-sponsored event. Student or other willfully remaining within a building after it has been secured and committing a crime, such as vandalism or theft.	Student or other entering an unlocked gym, without permission, and using the basketball court. Student or other wandering the halls, after hours, after entering through an unlocked door.	If the bullying results in any other SESIR incidents do not code the incident as *Bullying*. Instead, the incident should be coded appropriately with the related element coded as bullying-related.		
LEVEL IV	BUL**	**BULLYING**	The incident is bullying if the incident includes systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees that is severe or pervasive enough to create an intimidating, hostile, or offensive environment; or unreasonably interfere with the individual's school performance or participation.	Student uses a picture phone to take a picture of a student using the bathroom at school and places it on the Internet. Student spreads nasty rumors at school about another person, in conversation, in a note, or through e-mail or instant messaging. Student repeatedly teases another person in a mean way, calling him/her inappropriate names, making fun of his/her appearance, or the way he/she talks, dresses, or acts.	Student calls another student an inappropriate name once.	Incidents that affect a single classroom during a single class period should not be reported in SESIR. Although schools may consider the non-examples as *Disruption on Campus* for SESIR purposes, they are not. However, schools may want to document these types of incidents on their local student discipline referral form. Bomb threats and false bomb reports, as defined in Sections 790.162 and 790.163 Florida Statutes, are considered felony offenses and require expulsion for at least one year and referral for prosecution. Bomb threats fall under the zero tolerance policy (Section 1006.13(3)(b), Florida Statutes).		
LEVEL III	DOC*	**DISRUPTION ON CAMPUS—MAJOR**	(formerly **DISORDERLY CONDUCT**) (significantly disrupts all or portions of the campus activities, school sponsored events or school bus transportation) - Disruptive behavior that poses a serious threat to the learning environment, health, safety, or welfare of others.	Student or other making a bomb threat. Student engaging in disruptive behavior that causes the bus driver to stop the bus to ensure the safety of the group. Student or other causing an incident that results in closing the cafeteria. Student or other inciting a riot. Student or other pulling a fire alarm. Student or other deliberately crashing the school computer system. Student or other causing an incident that prevents other students from proceeding to the next class or prevents egress.	Disruption of a single classroom. Student defying authority. Student disobeying or showing disrespect to others. Student or other using obscene or inappropriate language or gestures. Student not sitting in seat and/or talking loudly while school bus is moving.		Complete the drug description (M, N or O) for all drug sale/distribution incidents. If the incident involves marijuana (M), non controlled substance used as drugs (N) and illicit drugs (O), select the description which represents the most serious offense.	

LEVEL II	DRD*	**DRUG SALE/DISTRIBUTION--EXCLUDING ALCOHOL**	(illegal sale or distribution of drugs) - The manufacture, cultivation, sale or distribution of any drug, narcotic, controlled substance or substance represented to be a drug.	Student passing a marijuana cigarette around in the school bathroom. Student giving prescription drugs prescribed for someone else. Student selling cocaine to another. Student or other misrepresenting substances as illegal drugs.	Students taking medication prescribed for themselves. Student giving an aspirin or other over-the-counter medication to another in dosage prescribed. Student smoking a marijuana cigarette alone. (Refer to Drug Use/Possession, DRU). Student found with a single marijuana cigarette in backpack. (Refer to Drug Use/Possession, DRU).	Behavioral evidence alone should not be used as a basis for reporting drug use. Although a student giving another an over-the-counter medication may violate school code, it is not reported as a SESIR incident.	Complete the drug description (M, N or O) for all drug use/possession incidents. If the incident involves marijuana (M), a non-controlled substance used as a drug (N) and other illicit drugs (O), select the description which represents the most	
LEVEL III	DRU*	**DRUG USE/POSSESSION--EXCLUDING ALCOHOL**	(illegal drug possession or use) – The use or possession of any drug, narcotic, or controlled substance or any substance when used for hallucinogenic purposes. Use means the person is caught in the act of using, admits to use or is discovered to have used in the course of an investigation.	Student or other possessing or being under the influence of illegal drugs at school, at school-sponsored events, or on school transportation. Student(s) found inhaling or ingesting intoxicants, glue, solvents, or aerosols for hallucinogenic purposes.	Student possessing or using over-the-counter medications in dosage prescribed. Student using inhalers for asthmatic condition. Student possessing drug paraphernalia	Schools may want to document **lower levels of fighting** such as the non-examples listed here on their local student discipline referral form. **SERIOUS incidents** involving mutual participation should be reported as *Fighting*, without regard to who was the original aggressor, unless the guidelines for reporting the incident as a *Battery* apply. Fighting should be reported to SESIR if at least **one** of the following occurs: (1) *Verbal intervention does not stop the fighting and physical restraint is required. For guidance as to who should intervene by using physical restraint, staff should follow local school board policies and procedures.* (2) *Someone is injured, requiring immediate first aid or subsequent medical attention as a result of the fight.*		
LEVEL III	FIT**	**FIGHTING**	(mutual combat, mutual altercation) - When two or more persons mutually participate in use of force or physical violence that requires physical restraint or results in injury.	Student or other engaging in a fight/combat with another and physical restraint is necessary to stop it. Student becoming engaged in a fight which results in the need for first aid or medical attention for one or both of the participants.	Student engaging in "horseplay." Student verbally confronting another student/teacher. Student or other engaging in pushing and shoving who is easily separated or stopped. Student or other engaging in a fight which is resolved without injury or need for physical restraint.			
LEVEL IV	HAR**	**HARASSMENT**	Any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct that 1) places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property, 2) has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or 3) has the effect of substantially disrupting the orderly operation of a school including any course of conduct directed at a specific person that causes substantial emotional distress in such a person and serves no legitimate purpose.	One student approaches another student and makes an insulting gesture. The targeted student runs off in tears and is visibly upset.	Two students approach each other and one student makes an insulting gesture towards the other student. Both students are good friends; no offense was taken by either student from the interaction.			
LEVEL I	HOM*	**HOMICIDE**	(murder, manslaughter) - The unjustified killing of one human being by another.	Student or other person, known or unknown, committing any homicide on school campus, at school-sponsored events, or on school transportation.	Student or other accidentally dying. Student or other committing suicide.			
LEVEL I	KID*	**KIDNAPPING**	(abduction of an individual) - Forcibly, or by threat, confining, abducting, or imprisoning another person against his/her will and without lawful authority.	Student or other holding another person for ransom or reward, as a shield, or as a hostage. Non-custodial caregiver, with a restraining order, picking up a student.	Student running away with her boyfriend after being picked up from school by him.	Sometimes arrests are made on school campuses for incidents that occurred off campus or for circumstances that are not school related. These non-examples include arrests for breaking and entering into an off-campus home or building or arrests for violation of probation. **These are not to be reported as SESIR incidents.**		
LEVEL III	OMC*	**OTHER MAJOR**	(major incidents that do not fit within the other definitions) - Any serious, harmful incident resulting in the need for law enforcement intervention not previously classified.	Student produces or knowingly uses counterfeit money. Student participates in gambling activities, i.e., throwing quarters for money. Student possesses pornographic materials depicting others under the age of 18. Student possesses drug paraphernalia.	Student violating probation. Student or other committing crimes off-campus			

LEVEL II	ROB*	**ROBBERY**	(using force to take something from another) - The taking or attempted taking of anything of value that is owned by another person or organization, under the confrontational circumstances of force or threat of force or violence and/or by putting the victim in fear.	Student or other snatching a gold chain off someone's neck. Student or other extorting lunch money. Student or other engaging in "carjacking."	Student or other taking money from an unattended purse. (Refer to *Larceny/Theft* code as a possible SESIR code)	The item(s) must total $300 or more in value to report in SESIR. However, it is important for schools to document these types of incidents on their local student discipline referral form. The threshold amount for years prior to and including 2004-05 was $50.		6/1/12: Examples - added the word "items". Non-Examples - added the word "items". Note - revised to include "item*(s)* must *total* $300 or more in value"
LEVEL III	STL*	**LARCENY/THEFT**	(taking of property from person, building, or a vehicle) - The unauthorized taking, carrying, riding away, or concealing the property of another person, including motor vehicle, without threat, violence, or bodily harm.	Student or other embezzling public funds. Student or other stealing an item/items worth $300 or more. Student finding a checkbook, signing owner's name and making a purchase. Student or other stealing a car or motorcycle.	Student or other borrowing an item without permission. Student or other committing robbery (code as *Robbery* instead). Student or other stealing an item/items less than $300.			
LEVEL I	SXB*	**SEXUAL BATTERY**	(attempted or actual) - Forced or attempted oral, anal, or vaginal penetration by using a sexual organ or an object simulating a sexual organ, or the anal or vaginal penetration of another by any body part or object.	Student or other raping someone. Student or other attempting to rape someone.	Students engaging in consensual sex acts. (Consensual sex is not *Sexual Battery*. Refer to *Sexual Offense (Other)* as a possible SESIR code.)	In some cases, severe incidents of sexual harassment, which include violent physical contact, may be considered a *Battery*, or *Sexual Battery*, if there is physical penetration. Unwanted kissing becomes sufficiently pervasive to report when an individual kisses several others or when an individual kisses another several times.		
LEVEL III	SXH**	**SEXUAL HARASSMENT**	(undesired sexual behavior) - Unwanted verbal or physical behavior with sexual connotations by an adult or student that is severe or pervasive enough to create an intimidating, hostile or offensive educational environment, cause discomfort or humiliation or unreasonably interfere with the individual's school performance or participation. [State Board of Education Rule 6A-19.008(1)]. An incident when one person demands a sexual favor from another under the threat of physical harm or adverse consequence.	Student or other causing unwanted and ongoing episodes of leering, pinching, grabbing. Student or other making repeated suggestive comments, jokes, or actions of a sexual nature. Student or other pressuring one to engage in sexual activity. Teacher threatening to lower a student's grade if sexual favors are not given. Student or other repeatedly showing a photograph, poster or other visual image of nudity, lewd or sexual activity. Student or other pressuring another student for sexual favors by threatening to prevent him/her from participating in a school activity.	Students engaging in consensual sex. (Refer to *Sexual Offense (Other)* code as a possible SESIR code.) Student unintentionally brushing up against another in the hallway. A single incident of a kiss that may be unwanted.	1. Sexual activity between students should be reported to law enforcement immediately so investigation can be conducted regarding illegal conduct. 2. Consideration should be given to developmentally age-appropriate behaviors in coding sexual offenses for students. Young children and students with exceptionalities may expose themselves without conscious sexual intent. 3. Consult school district student services or psychologist for assessing acting out sexual behaviors that might be indicators of abuse, and use the findings to help determine whether to report the incident as a SESIR incident. Obtain input when the principal is unable to determine if the behavior involving young children is of a sexual nature beyond developmentally appropriate age expectation, when the incident is serious enough to require further investigation, or where students in special education are		
LEVEL III	SXO*	**SEXUAL OFFENSES (Other)**	1) Other sexual contact, including intercourse, without force or threat of force. 2) Subjecting an individual to lewd sexual gestures, comments, sexual activity, or exposing private body parts in a lewd manner.	Student or other participating in sexual activity in front of another student. Student or other intentionally exposing genitals. Two students engaging in sexual activity in janitor's closet. Student or other soliciting or encouraging a person to commit a sexual act. Student or other touching the buttocks of another in a lewd, lascivious manner. Student or other making obscene remarks (conduct, which by community standards, is deemed to corrupt public morals by its indecency and/or lewdness).	Students kissing consensually. Student swearing. A kindergarten child relieving himself publicly. A first grade student hugging another. Student inadvertently touching breasts or buttocks of another.	*Although district codes of student conduct may make it against the district code for students age 18 and older to be smoking on school campus, it still is not in violation of the state statute and should not be reported in SESIR.* Tobacco incidents should be coded as "Reported to Law Enforcement" any time a civil citation is written, whether it is by a law enforcement officer or the "designee." (See Section 569.12, Florida Statutes.)		
LEVEL IV	TBC**	**TOBACCO**	(cigarettes or other forms of tobacco) - The possession, use, distribution, or sale of tobacco products on school grounds, at school-sponsored events, or on school transportation by any person under the age of 18.	A student under 18 possessing and/or smoking cigarettes. A student using smokeless tobacco.	An 18-year-old student smoking a cigar on campus.	Any threat of violence towards the school, targeted groups, or individuals that does not contain the three elements of intent, fear, and capability, but does result in school disciplinary action and a police investigation, should be coded as *Disruption on Campus* (DOC) if it causes a significant campus disruption. A person following another without the intent or result of putting the person in fear of death or bodily injury is a less serious behavior than a person who willfully, maliciously and repeatedly follows, harasses and makes a credible threat with intent to place that person in reasonable fear of death or bodily injury (aggravated stalking). (See 784.048(3) Florida Statutes.)		

LEVEL III	TRE*	THREAT/INTIMIDATION	(instilling fear in others) - A threat to cause physical harm to another person with or without the use of a weapon that includes all of the following elements: (1) intent--an intention that the threat is heard or seen by the person who is the object of the threat; (2) fear--a reasonable fear or apprehension by the person who is the object of the threat that the threat could be carried out; and (3) capability--the ability of the offender to actually carry out the threat directly or by a weapon or other instrument that can easily be obtained.	Student or other willfully and repeatedly following another or stalking with intent to cause the person to fear for his/her safety. Student or other who willfully and repeatedly uses email or text message to cause another to fear for his/her safety or cause substantial emotional distress (cyber stalking). Student or other making repeated malicious, credible threats in person or by telephone causing the person to fear for his/her safety. Student telling another he/she could kill or knows people who could kill him/her. Student or other violating a restraining order.	Student or other engaging in mutual combat with another (refer to *Battery* or *Fighting* code as possible SESIR code). Student or other actually using force or violence against another (refer to *Battery* or *Fighting* code as possible SESIR code). Student waving to another student in the hallway, waiting after class to talk to him/her and calling to ask him/her out.		
LEVEL III	TRS*	TRESPASSING	(illegal entry onto campus) - To enter or remain on school grounds/campus, school transportation, or at a school-sponsored event/off campus without authorization or invitation and with no lawful purpose for entry.	Any unauthorized person entering the campus. Any unauthorized person remaining on property after being directed to leave by the chief administrator or designee.	Parent entering the building to pick up his/her child without first getting clearance through the office. Person searching for a phone at a school facility after his/her car has broken down.		
	UBL	UNSUBSTANTIATED BULLYING	After a complete investigation and follow up of a reported bullying incident, the investigator determines that there is not enough evidence to substantiate that the incident meets the criteria of a prohibited act under the definition of bullying as listed in the Jeffery Johnston Stand Up for all Students Act (section 1006.147, F.S.)				
	UHR	UNSUBSTANTIATED HARASSMENT –	After a complete investigation and follow up of a reported harassment incident, the investigator determines that there is not enough evidence to substantiate that the incident meets the criteria of a prohibited act under definition of harassment as listed in the Jeffrey Johnston Stand Up for all Students Act (section 1006.147, F.S.).			The amount of damage must be $1,000 or more to be reported in SESIR, including time and labor. Previous amount of damage threshold through 2004-05 was $100.

It is important for schools to document lower-level vandalism incidents on their local student discipline referral form. | |
| LEVEL III | VAN* | VANDALISM | (destruction, damage, or defacement of school or personal property) - The intentional destruction, damage, or defacement of public or private/personal property without consent of the owner or the person having custody or control of it. | Student or other defacing with graffiti. Student or other keying or scratching a car. Student or other trashing a room resulting in damages of $1,000 dollars or more. | Student or other accidentally damaging chemistry lab equipment. Student or other causing damages under $1,000. | Offenses in this category fall under the zero tolerance policy (Section 1006.13(3) (b), Florida Statutes). Students found committing this offense are to be expelled for one year (not one school year) and referred for criminal prosecution. Effective January 7, 2003, the Legislature amended Section 1006.07(2)(f), Florida Statutes, to remove reference to a knife, and instead references "a weapon as defined in Chapter 790." In 2006, the Legislature amended the weapons definition in Chapter 790 by adding knife and further exempting plastic utensils and blunt-bladed knives and kept the pocketknife exemption. The definition in Section 790.001(13), Florida Statutes, contains those items required to be in a district's code of student conduct and exempts common pocketknife as well as plastic utensils and blunt-bladed knives. It is the legislative intent that districts enforce policies that allow for discretion in determining whether to punish students found to be in possession of items such as pocketknives, plastic utensils, blunt-bladed knives, etc. Possession of any weapon or knife (including a pocketknife) should be reported to law enforcement for investigation. Pocketknives found to be | Complete the weapon description i.e., F-Firearm, Other (incendiary devices, explosives, etc.); H-Handgun; K-Knife; O-Other Weapon (objects can become weapons when used for bodily harm, i.e., scissors, letter openers, air-powered "guns", etc.); R-Rifle or Shotgun, U-Unknown Weapon; and Z (not applicable) for all weapon possession incidents. |
| LEVEL II | WPO* | WEAPONS POSSESSION | (possession of firearms and other instruments which can cause harm) - Possession of any instrument or object (as defined by Section 790.001(13), Florida Statutes, or district code of conduct) that can inflict serious harm on another person or that can place a person in reasonable fear of serious harm. | Student or other possessing a firearm. Student or other using a knife, pocket knife, or other sharp or pointed implement to threaten or harm another. | Student after investigation found to possess a common pocket knife or eating utensil with no intent to harm. Student possessing items not covered under law or district policy such as pointed instruments, pens, or pencils. Student possessing a cutting tool that is being used in art, shop, or other class. | | |

The Incident Type Level column provides a preliminary rank order of incident types for school reporting with Level I being the most serious and Level IV being the least serious. If a decision must be made between two incident types, the incident that caused the most injury or the highest loss of property or monetary cost should be reported.

*Incidents that must be reported to SESIR and ARE EXPECTED to include consultation with law enforcement.
An incident should be coded as Yes - Reported to Law Enforcement if an official action was taken by a School Resource Officer (SRO)

or local Law Enforcement Officer such as: a case number was assigned, a report was filed,

an affidavit was filed, an investigation was conducted and found to be an incident reportable to SESIR OR an arrest was made.

The presence of, or consultation with, a law enforcement officer or SRO is not sufficient for an incident to be coded as "Reported to Law Enforcement."

**Incidents that must be reported to SESIR, but MAY NOT NEED to include consultation with law enforcement.

NOTES:

For reporting to the U.S.D.O.E., the following incident types are considered to be violent incidents: Battery (BAT), Homicide (HOM), Kidnapping (KID) and Sexual Battery (SXB).

For reporting to the U.S.D.O.E., the following incident types are considered to be violent incidents if they result in bodily injury as reported in the Incident, Injury-Related element: Arson (ARS), Bullying (BUL), Breaking and Entering (BRK),

Disruption on Campus – Major (Disorderly Conduct) (DOC), Fighting (FIT), Harassment (HAR), Other Major Unclassified Offenses (OMC), Robbery (ROB), and Sexual Harassment (SXH).

Medical equipment required. Medical equipment is defined as wheelchair, crutches, walker, cane, tracheotomy equipment, positioning or unique seating devices. 2. Medical condition that requires a special transportation environment as per physician's prescription (for instance, tinted windows, dust-controlled atmosphere, temperature control). 3. Aide or monitor required due to disability and specific need of student. 4. Shortened day required due to disability and specific need of student. 5. APPENDIX EE
VACCINE STATUS AND DATE

Vaccine Status, Date is a ten-character field which presents information about each of the vaccines required for children. For most cases, the first character tells the vaccine type, the second denotes the dose in the series and the remaining eight characters represent the date the dose in a series was administered. (Also see Immunization Status.)

Special Cases

There are also two special cases which will indicate that dates are not required for some individuals because:
    1) they have a medical or religious exemption, or
    2) they entered school prior to the time when individual vaccination dates were required - these students have been immunized.

Ten Character Code	Meaning
8099999999	The student has been immunized, but dates are not available for the individual doses. (The student's proof of immunization was an eligible form which did not require dates.)
90EXEMPT_ _	The student has either 1) a permanent medical exemption for all required vaccinations or 2) a religious exemption. (Positions 9 and 10 will be blank.)

All other vaccination information should be coded as follows.

First Character

Diphtheria, Tetanus and Pertussis (DTP/DTaP/DT/Td/Tdap)

A	**DTP vaccine** (4-5 doses) If the fourth primary dose of DTP is administered on or after the fourth birthday, a fifth dose is not required.
B	**DT (Pediatric)** vaccine - 3 to 5 doses total depending on the age of the child and the type of vaccine given. DT is acceptable for youngsters under the age of seven years (a series of four doses). DT is an acceptable substitute for DTP/DTaP if pertussis vaccine cannot be given for medical reasons.
C	**Td Adult vaccine** (1-4 doses) or Tdap vaccine - for use prior to 2009-2010 Td is acceptable and recommended for children seven years of age or older (a series of three doses). Tdap replaces the Td requirement for students entering seventh grade in the 2009-10 school year.
P	**Tdap (Tetanus-Diphtheria-Pertussis) vaccine** (1-3 doses) One dose is required for entry to seventh grade beginning with the 2009-10 school year. For each subsequent year, the next highest grade will be included in the Tdap requirement.

APPENDIX EE

Q	**Td (Tetanus-Diphtheria) vaccine** (1-3 doses) Students who started their immunizations after age 7 should receive three doses of adult Tetanus-Diphtheria (Td) vaccine. One Tdap vaccine (code P) should be used to replace one dose of the Td for ages 11-18 in order to meet the seventh grade requirement. Effective with the 2009-10 school year, Tetanus-Diphtheria-Pertussis (Tdap) replaces the Tetanus-Diphtheria (Td) requirement for students entering seventh grade.

Polio

D	**Polio vaccine** (3-4 doses) If the third primary dose is administered on or after the fourth birthday, a fourth dose is not required. If the fourth dose is administered prior to the fourth birthday, a fifth dose is required. Polio vaccine is omitted from the required immunizations of children 18 years of age or older.

Measles, Mumps and Rubella (MMR)

F	**MMR (Measles, Mumps and Rubella) vaccine** (1-2 doses)
G	**Measles (Rubeola) vaccine** (1-2 doses) One dose at age 12 months or older a second dose may be administered at least one month after the first dose.
H	**Mumps vaccine** (1-2 doses) One dose at age 12 months or older and the second dose may be administered at least one month after the first dose.
I	**Rubella vaccine** (1-2 doses) One dose at age 12 months or older and the second dose may be administered at least one month after the first dose.
Notes: If two MMRs have been administered at least one month (28 days) apart; separate measles, mumps, and rubella shots are not required. Since there is no MR code, if a combined measles and rubella shot is administered, separate measles and rubella shots should be reported.	

Hepatitis B

J	**Hepatitis B vaccine** (3 doses) for students 11-15 years of age
	Required for entry to seventh grade effective with the 1997-98 school year. Required for entry into kindergarten effective with the 1998-99 school year. Required for public preschool effective with the 2001-02 school year.
M	**Hepatitis B vaccine** (2 doses) for students 11-15 years of age
	Students 11-15 years of age who meet the requirement with a two dose schedule.
Note: Acceptable doses are three vaccinations except for students 11-15 years of age who may meet the requirement with a two or three dose schedule.

Example: A student presenting a valid 680A Certificate of Immunization which indicates that he/she was immunized for hepatitis B (first dose on 01/11/98, second dose on 02/11/98 and third dose on 05/11/98) would have three vaccine status dates entered for the hepatitis B series: J119980111, J219980211, J319980511.

Varicella

K	**VZV (Varicella) vaccine** (1-2 doses)
L	**Varicella disease** (year)
Note: Effective with the 2001-02 school year, students entering or attending preschool or kindergarten will be required to show proof of varicella vaccination.	
Note: Effective with the 2008-09 school year, students entering kindergarten are required to receive two doses of varicella vaccine. For each subsequent year, the next highest grade will be included in the two-dose varicella requirement.	
Examples: A student presenting a valid 680A Certificate of Immunization which indicates that he/she was immunized for varicella (first dose on 08/15/99) would have the vaccine status date entered for varicella vaccine: K119990815. A student presents a 680A Certificate of Immunization which indicates that he/she had varicella disease in 1997 (month and day are not required) would have the vaccine status date entered for varicella: L119970000.	

Haemophilus Influenzae Type B (HIb)

E	**Hib Haemophilus Influenza Type B vaccine** (1-4 doses)
	Required for public preschool, but not required for KG-12 school.

Pneumococcal Conjugate

N	**Pneumococcal Conjugate vaccine** (1 dose)
	Required for child care entry effective January 2008 for children 2 months through 24 months of age. School districts opting to include this vaccine in their data bases should use code N.

Second Character

Dose in series

Note: 0 should be used in special cases, including exempt status, to indicate no doses required. Special cases may include a physician's note documenting measles disease or laboratory evidence of measles immunity. This does not exempt the child from mumps and rubella immunization.

APPENDIX EE

Third - Tenth Characters

YYYYMMDD Year, month, day of dose.

EXEMPT_ _ If the specific requirement has been exempted, enter 'Exempt' in the third-eighth positions and leave positions 9 and 10 blank.

See Section 1003.22, F.S., Compulsory Immunization Guidelines from Department of Health for instructions on how to handle incomplete date information.

Examples and conversion procedures:

1. **For students in the district's automated system prior to 7/1/91:**

For students with an Immunization Status of 1 (permanent immunization certificate), the date of the immunization would default to the last dose in the series, i.e., DTP 2031573 would be A519730315, except the first dose of MMR, MR or Measles should be coded as the first dose in the series.

Students with an Immunization Status of 2 (temporary medical certificate requiring follow-up), presenting a 680A (Permanent Immunization Certificate), should be treated as new enrollees and all dates entered in the system.

For students with an Immunization Status of 3 (permanent medical exemption), for one vaccine only, the date of the other immunizations would default to the last dose in the series, i.e., polio 4041076 would be D419760410.

Students with an Immunization Status of 0 presenting evidence of immunizations should be treated as new enrollees.

2. **Examples:**

A student presents a valid HRS 680C Permanent Medical Exemption Certificate which indicates that he must not be vaccinated for medical reasons.

This student would be coded with an Immunization Status of 3 and Vaccine Status, Date would be **90EXEMP*T*_ _**.

A student presented a valid PD 137 form at the time of initial entry into a Florida school. No vaccination dates were required.

> This student would be coded with an Immunization Status of 1 and Vaccine Status, Date would be **8099999999**

A student presents a valid DH or HRS 680A which indicates that he was immunized for MR and mumps on 04/30/91 and MMR given on 05/30/91.

A student presents a valid DH or HRS 680A which indicates that he was immunized for MMR on 01/01/89.

The student would be coded as **F119890101**.

A student with a valid DH or HRS 680A form submits a valid physician's note explaining that he had measles on 01/01/90.

The student would be coded with an immunization status of 1 and would have a vaccine status (for the measles dose) of **G1EXEMPT**.

3. New seventh grade requirements – 1997-98

Effective with the 1997-98 school year students entering or attending 7th grade are required to show proof of completing the hepatitis B vaccination series, a second MMR and a tetanus-diphtheria booster.

A student presenting a valid 680A Certificate of Immunization which indicates that he/she was immunized for hepatitis B, first dose on 11/23/96, second dose on 12/23/96 and third dose on 3/23/97, or students 11-15 years of age presenting a valid 680A-2 which indicates that he/she was immunized with a two dose series, first dose on 11/23/96 and second dose on 3/23/97, a second MMR administered on 11/23/96 and a tetanus-diphtheria booster administered on 11/23/96 would be coded with an immunization status of 8 and would have five vaccine status dates entered: J119961123, J219961223, J31997323, F219961123 and C119961123
