

Reemployment Tax* Instructions for Excess Wage Computation

RT-89
R. 01/13
Rule 73B-10.037
Florida Administrative Code

This information is provided for use in computing excess wages. It is intended to assist employers in the correct reporting of wages on the *Employer's Quarterly Report* (RT-6, formerly UCT-6).

- **Taxable Wages** are the first \$8,000 paid to each covered employee during the **calendar year**. (For calendar years before 2012, the taxable wage base was \$7,000.)
- **Excess Wages** are wages paid over \$8,000 to an employee during the **calendar year**. Excess wages are not taxable wages.
- Only the first \$8,000 paid to an employee by the same employer in a calendar year is taxable. Taxable wages reported to another state by the same employer within the same calendar year should be included in determining the excess wage base for the employer. Report year-to-date, out-of-state taxable wages on the *Employers Quarterly Report for Out-of-State Wages* (RT-6NF, formerly UCT-6NF).
- If you are a legal successor, the wages paid by your predecessor during the calendar year should be included in determining excess wages.
- Wages must be reported on the *Employer's Quarterly Report* (RT-6) in the quarter paid.
- The sum of all amounts exceeding \$8,000 per employee (excess wages) is entered on Line 3 of the tax report. **This sum can never be larger than the gross wages (Line 2).**

The example on the reverse side shows a sample payroll with the employees' wages and how to report them for a calendar year.

An Employer's Quarterly Report (RT-6) must be filed even when all wages are excess and no tax is due.

Excess Wages Are:

1. Wages paid over \$8,000 to an employee per year.
2. Never greater than gross wages.
3. Not taxable.
4. Not yearly totals but only a total of excess wages for the quarter being reported.
